Beyond The Surface

What does lie beyond the surface of the faces and smiles that you will soon see throughout this book? Past lessons in sociology have taught us that people are not what they appear to be on the outside. Still, it becomes very easy to accept preconceptions about that girl who sits in the front row or even that professor whose strict disposition causes you to believe that he enjoys holding class at 8:00 a.m. only to watch his students' heads droop with fatigue. This is a misconception: a falsehood. There are so many more facets to each of us. Some of us are ambitious, sensitive, humorous, and compassionate. Some of us aren't. Some of us are challenged by future's uncertainty, while some of us are petrified to consider the prophecies. Some of us come from wealthy families. Most of us don't. These diversities are not negative but positive.

If you dig deep enough, just enough to scratch the surface, you'll find we are all unique. Each one of us possess significant qualities that express our individuality. The key to acceptance is through understanding. Each of us must understand that we are all products of different experiences.

CNR's strength is fueled by diversity and adversity. Probably the only concept we all share is the education of women. For the student, it is her education, but for the staff or faculty member, it is the responsibility of responding to needs of the student body here at CNR. Because of our size, we are a close community. This makes it next to impossible to not know your neighbor. You may find the only thing that you share with the girl next door is solely the fact that you both chose CNR. If college is a preparation for the real world, a time to expand our knowledge about not only textual ideas, but hu-

manistic ones, then the composition of our college environment is crucial to the development of social skills and more importantly, social awareness. Hence, ours is perfect, because it succeeds on all levels. In a nutshell, we have learned the importance of going beyond the surface. Face value is of little value. First impressions and stereotypes have proven to be ephemeral. The exposure to different cultures, ideas, religions, and races has strengthened the personal character of each of us. Never stop at the surface.

Three commuters contemplate . . . "How do the residents eat this sh- -?"

With a mischievous smile, Deb states she's NEVER been to North Ave.

Good fun, good friends, and good times. Sound like a beer commercial? Well, it's not. It's one of the many positive ways to describe CNR. There is no other collegiate atmosphere like it. Not only are there obvious academic advantages, but just being a part of a college community where women rank first is in itself inspiring. Three cheers for the feminine spirit.

Smiles for sale

Is this the tree that tends to reak in late fall?

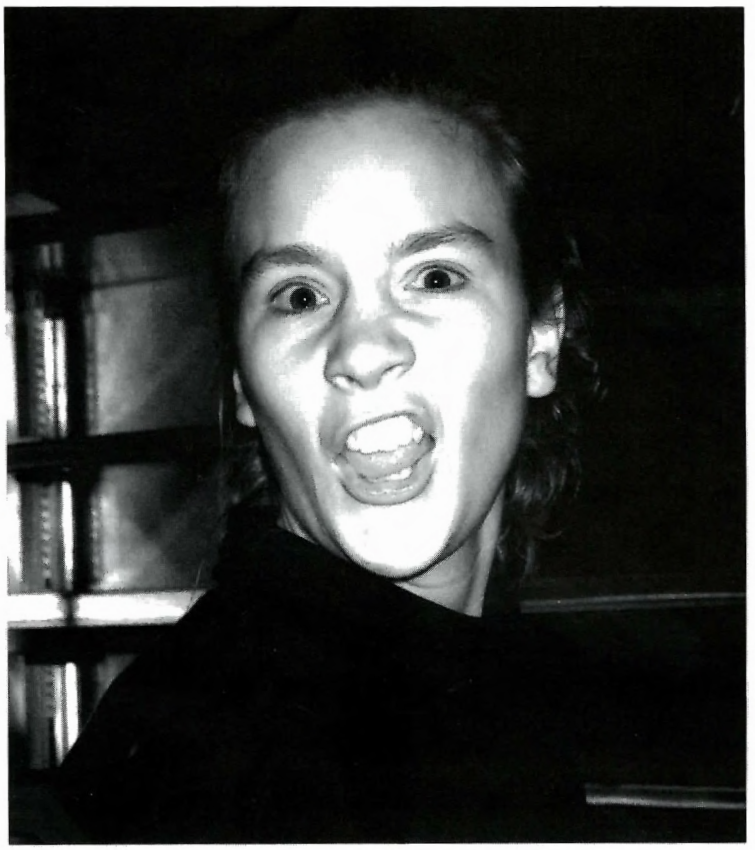
No, I'm not a model.

Trying to conduct coherent conversations, Mary Maguire and Anne O'Connor soon realize beer and syllables do not mix.

Trying to guess Monica's BAC level, Wanda decides to mull it over. (Over another beer, of course.)

Christine Munro, the model commuter student, checking the Commuter Board for all the late breaking news.

Oh my, Jane — What a Face!!!



Their clothes match, their hair is styled and they are smiling. Obviously, this is their first year here!

Shannon Lalli and Kristen Hall, two peas in a pod with their matching jean jackets.

One, two, three . . . together now.

Upon our arrival at CNR, we all wondered and thought about who would become our friends. Would we make any friends, who would we sit with at meals, and who would we call for help with our schoolwork? However, after about a week or two at CNR, we realized that making friends here is a snap.

Pretty soon, we would walk into the cafe and hear someone yelling our name. What a comforting sound! The friends we have all made here at CNR are very special indeed. Our friends have been with us through the good and bad. We have struggled through Western Cult, and the other cores together, helped each other with those awful term papers and projects, and listened to each other talk about our latest love interest. While our friends might come from different backgrounds than us, we do all have one thing in common: CNR. By being here, we have learned many new interpersonal skills and watched each other succeed and fail. In other words, we have struggled, loved, dreamed, studied, partied (more often than not) and lived life together. Our lives would definitely not be the same without these friends, for they have helped make our CNR experience — great.

May 1992

Dear Miss LeVache:

We know that this letter must come as a complete surprise to you, but none of us could think of anyone more deserving than you to receive this dedication. We begin by thanking you.

For the past four years, you have always been our savior. By being our physical education instructor, a smile among the CNR faculty, and a sounding board for all of our problems, you have allowed each one of us into your world. Yours is a place lit by sunshine and positive thinking — and crowded by many, many students whom you come in contact with. Despite your busy schedule which includes teaching five or six classes, and coordinating all student athletics, you still manage to be a visible part of CNR by walking — actually running — around the campus to meetings upon meetings. Always, you are careful to say hello to everyone. Do you remember when our class decided that we weren't going to participate in Swimphony? You were very understanding throughout the whole hiatus from CNR tradition. You never cast criticism on our class. Instead, you gave us hope for the next year. Who would have thought we'd come in at second place? You probably did . . . Never has a negative comment fallen from your mouth upon our ears. You taught us how to visualize what we wanted: to see ourselves in the pulse of success. You even shared nap time with us! Whether we were tired, elated, depressed, or angry, you were always sensitive to our feelings. Perhaps that's the core of it. Sensitivity. You were never caught up in the whirlwind of college life. Our four years weren't just about studying and learning in our respective majors. Being at CNR and having you decorate our collegiate lives was about learning to believe in ourselves. We'll carry that with us forever.

Love,

Us

Roommate From Hell : a true story

You know your roommate is from hell when . . .

1 . . . She is 21 years old and still brings all her laundry home for her mother to do.

2 . . . She thinks it's funny that the garbage hasn't been emptied in three weeks and is curious to see what mold will grow.

3 . . . When she studies the room must be deathly quiet. When you study, she feels it's time to blast her Debbie Gibson Anthology.

4 . . . She invites her boyfriend over the night you hang your lingerie — and doesn't tell you he's coming until after you arrive to see him eyeing your unmentionables quite closely.

5 . . . She smokes in the room when she knows you are deathly allergic to it. Then, she tries to "cover it up" by putting on the fan, which up until now has been tucked away for the winter in the closet.

6 . . . She gets into late night fights with her boyfriend and wakes you up from a dead sleep at 4 a.m. — when you have to be up at 6:30 a.m. Then, in the morning, tells you to be quiet while she sleeps.

Just think . . . a single costs only $600.00 more a year: Sanity has its price!

Marybeth and Dawn on their way to Westpoint . . . Oops, I meant Maritime!

Gabrielle D'Ambrosio asks Jana Fiore: "H juice and dingleberry crunch! Ya' want some? Hur, hur, hur . . . "

After four years of college, Monica has finally decided to look at a book.

So Stacey, is Jen your best friend or what?

Ellen and Erin sing — "We look alike . . . we think alike . . . "

Nursing students take a time out from the LCN to have their picture taken!

Okay Noreen and Kristen, smile pretty for Amy.

Beyond The Smiles

Smiling isn't as easy as it always looks. There are many things to worry about. Throughout the course of a week, a day, and even an hour, many obstacles can be thrown at your feet. Your college days are the ones to be enjoyed to the fullest but sadly, it is not always the case. Many of us often find ourselves so caught up that there seems to be no way out. Did I read all the chapters that were assigned for "Political Theory?" . . . When did Father McMahon say that our journals were due? . . . Did my partner order the invitations for our senior show yet? . . . What if she didn't give Deb that check request? . . . Do I really have enough time to take a shower? . . . When was the last time I took a shower? And the list goes on.

Stress, paranoid behavior, and sometimes deceit all manage to color the lives of the typical CNR students. We rush to get everything but our homework done, and find ourselves praying at night that a 7-hour extension for everyday could be initiated. But no such luck. We tell ourselves: "This will be the last project I volunteer to help with," or "I will write that entire 15 page research paper after I take a LITTLE nap." Both statements prove to be false, but typical. Often times, you begin to think that you are the only one who is lost in a cavalcade of assignments and responsibilities. Don't be fooled. No matter how organized you think that nerd who gets great grades, wears coordinated outfits, and smiles a perpetual grin is, she's not. She's just a better actress than you are and happens to know when to smile on cue.

Portable cooler? Big party hat? Whatever way you look at it — it's a Sombrero Feliz.

Activities Council Chairperson Noeline Coore rings the somewhat silent Castle bell.

Even with my eyes closed they still insisted on taking my picture (Boy were our photographers desperate!)

It's all fun and games till your head breaks a light.

"No we didn't steal a tree," say Jen and Chrissy . . . "Vicky did!"

Geraldine Ferraro takes time out during her fall visit to CNR to have her picture taken with Karen Harvey.

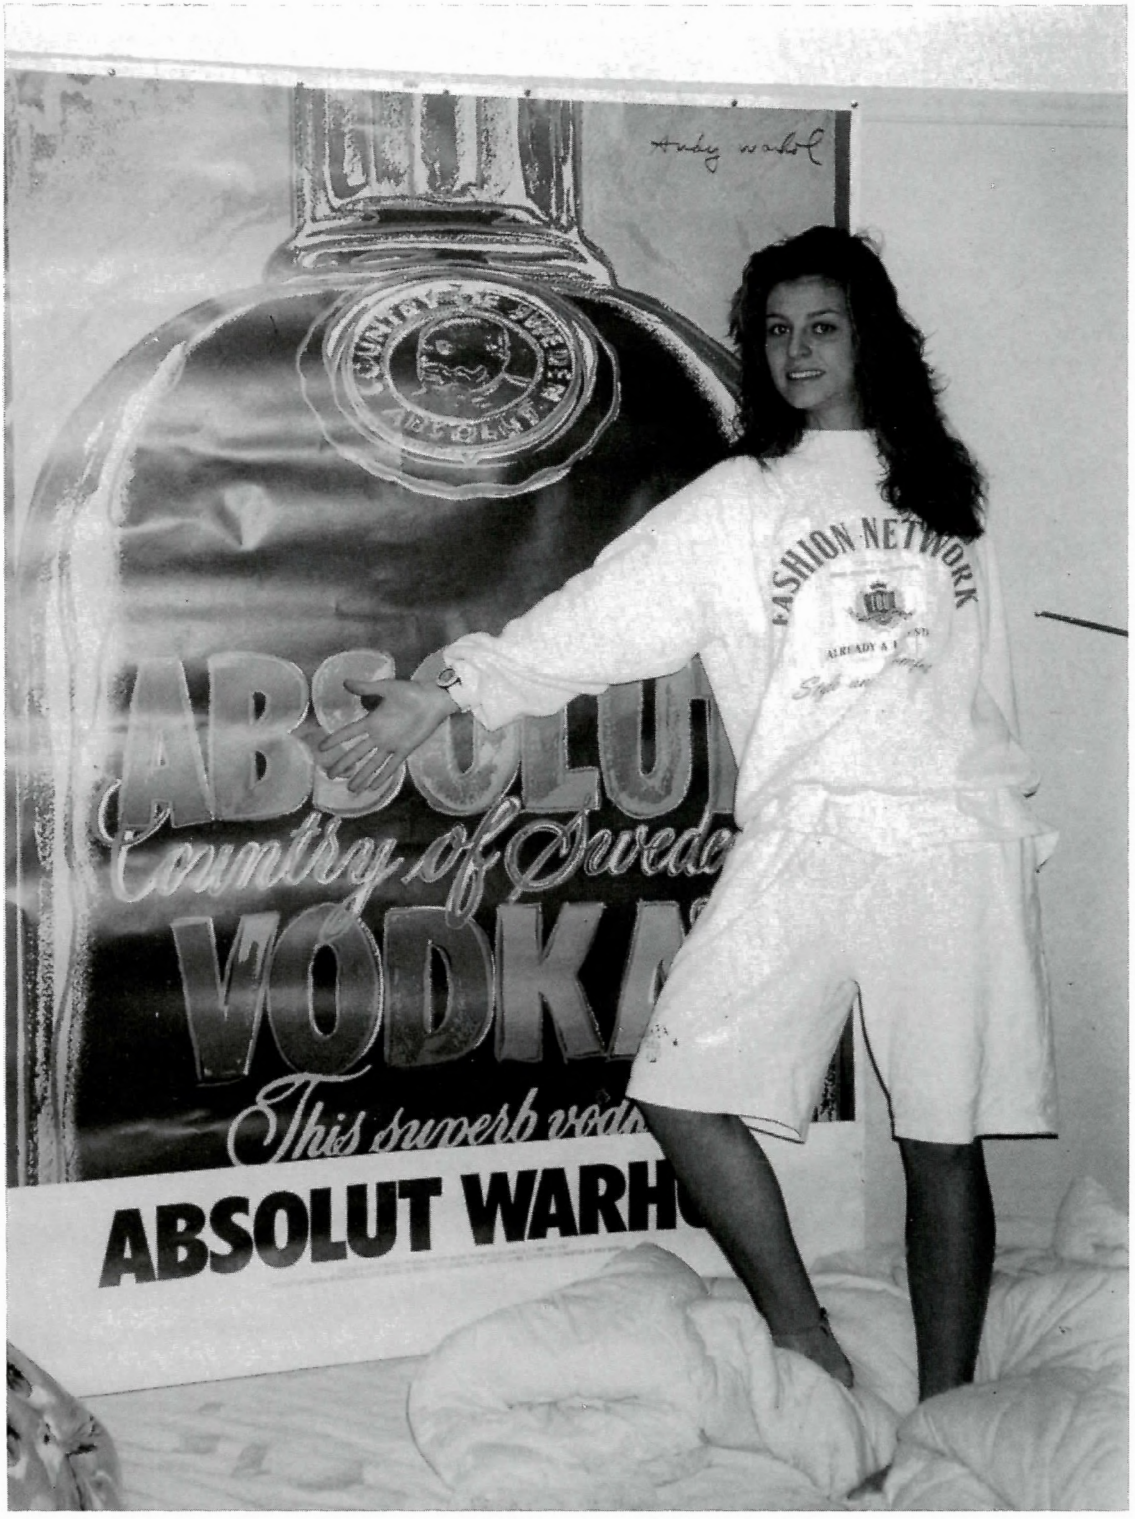
Norma Millers and Vjollca Dodaj take a time out from a nursing class to get their picture taken.

Practicing their dance skills before heading off to another Maritime mixer, Cynthia Voghell and Deb Canzoneri rehearse.

I always have this effect on women.

Am I fat?

Absolutely Vicki!!!!



Trying not to look too comfortable, Tricia Seacord appears to be dozing in the commuter lounge.

Proving to be the only two people who've ever smiled in the downstairs cafe after eating, Tricia Meaney and Terry Dawn Thomas pose to record the moment in history!

As Delia and Zoraya smile in ecstasy, Suzanette is speechless (For once!)

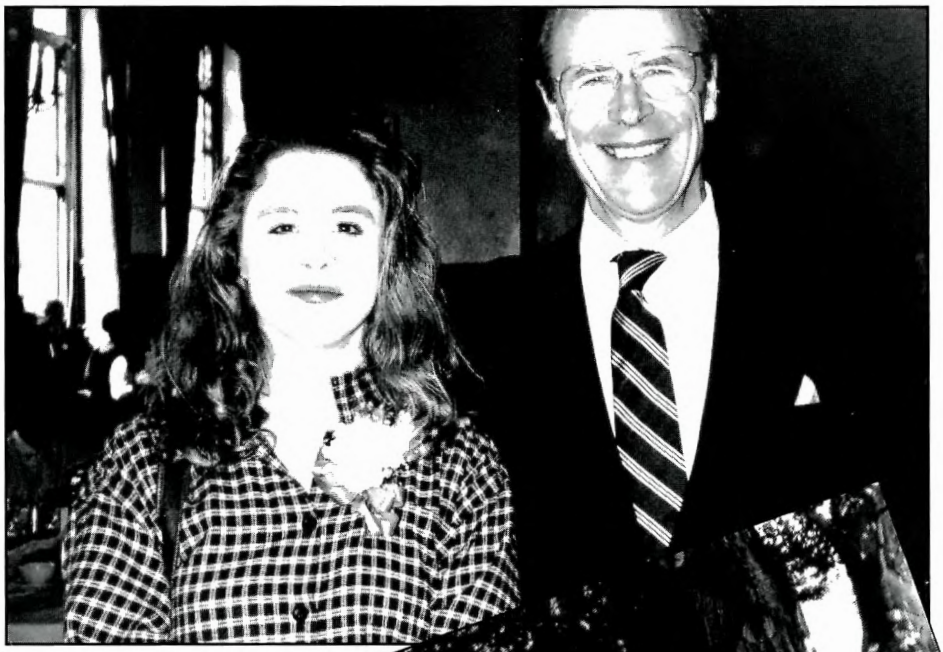
To begin, congratulations on your graduation and much happiness to everyone too. Good luck in the future, but hold onto the past, it's really what made each of you - you. Remember, it all began in 1988, four years ago. We came to an all-women's college, how would we last without men, we didn't know! The first year was crazy, we had no clue what to do. We got stuck in WCH and took 8:35 am classes by choice too. One thing did look positive though, to ease up our fear, North Avenue wasn't too far away to get those specials on beer.

The second year seemed a little better; we started to move right along. Less time was spent on studying, while the nights on North Ave prolonged. Although men weren't in classes, they were never too far. "He" could easily be spotted working in the cafe or driving by in his car. The only thing that got worse and it still the same is registering for classes; some things never change!

By junior year, CNR was routine; days spent in classes, nights at the bar scene. Sundays were saved for catching up on rest and for doing 3 papers, reading chapters

Family Weekend

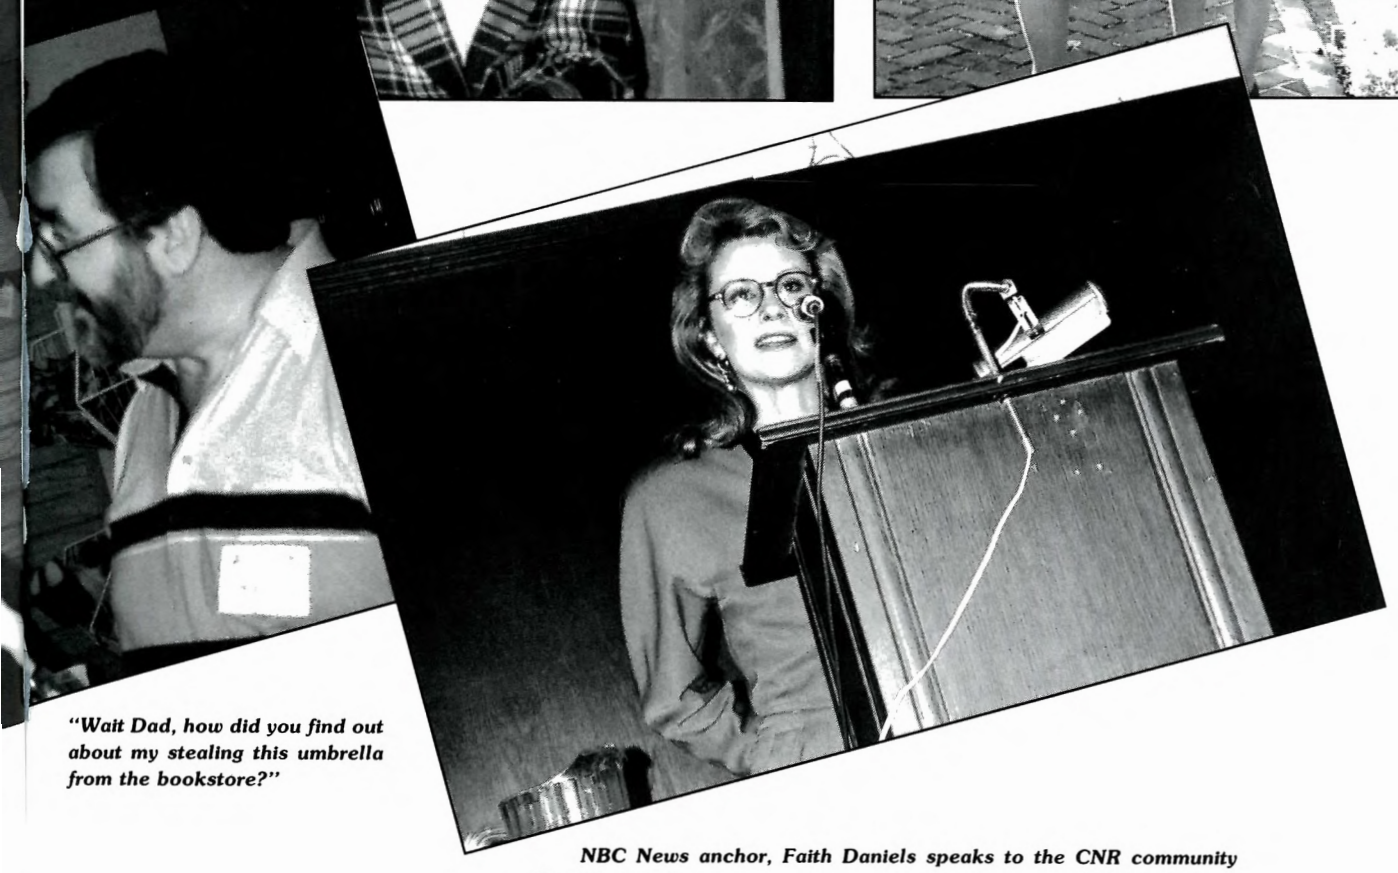
Mr. Beal proudly smiles upon recognition of his daughter as Madison Society President.



"So this is where you've been going to school for the past four years, huh LuAnn?"

Sr. Dorothy Ann with KarenAnn Carty and Robin Almond, two favorite alumnae at the Student Leader Ceremony.

Just before Honors Convocation, Dr. Diane Quandt laughs at the thought that Lisa does get dressed up . . . sometimes.



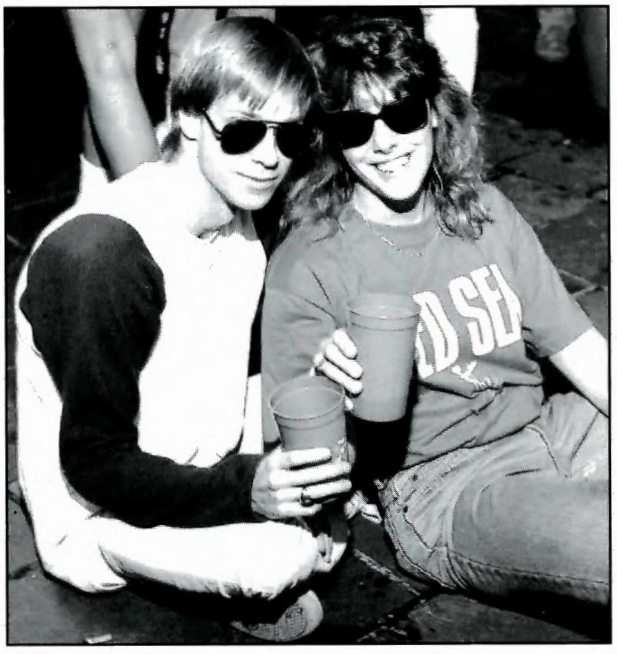
"Wait Dad, how did you find out about my stealing this umbrella from the bookstore?"

NBC News anchor, Faith Daniels speaks to the CNR community about feminism.

Senior Barbeque

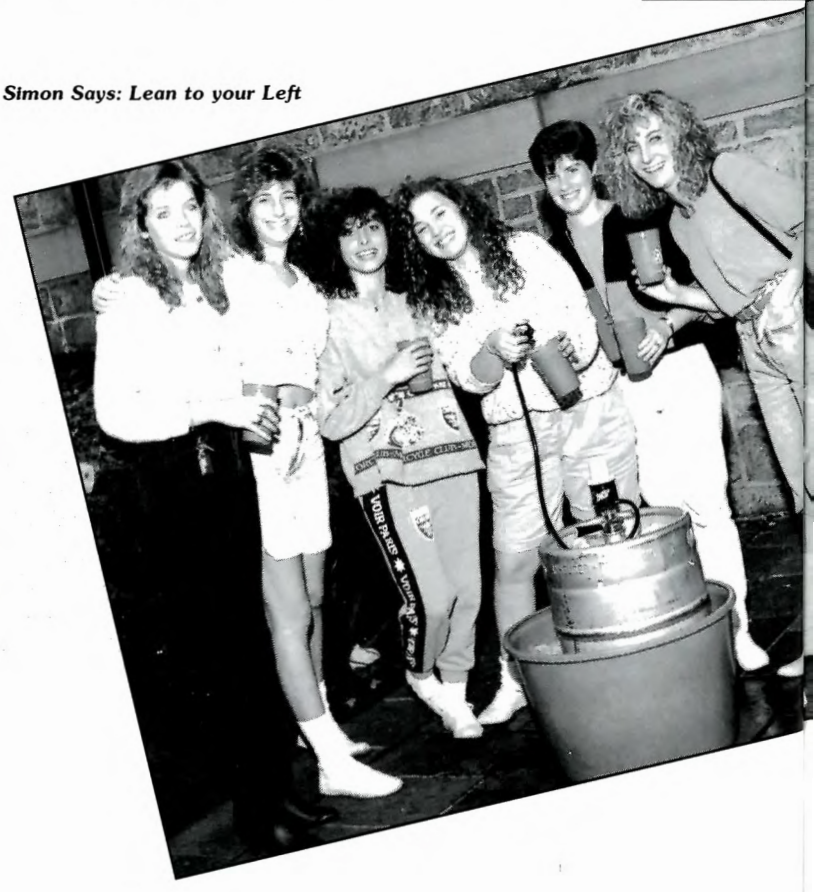
Patti Friedrich ropes Christine Wilson into having her picture taken.

Trying to sneak out of having her pictures taken, Helen Mandigo is caught with Kim Maldonado, Nancy Cohen, Ellen Bagge and Lucille Gustaferro.

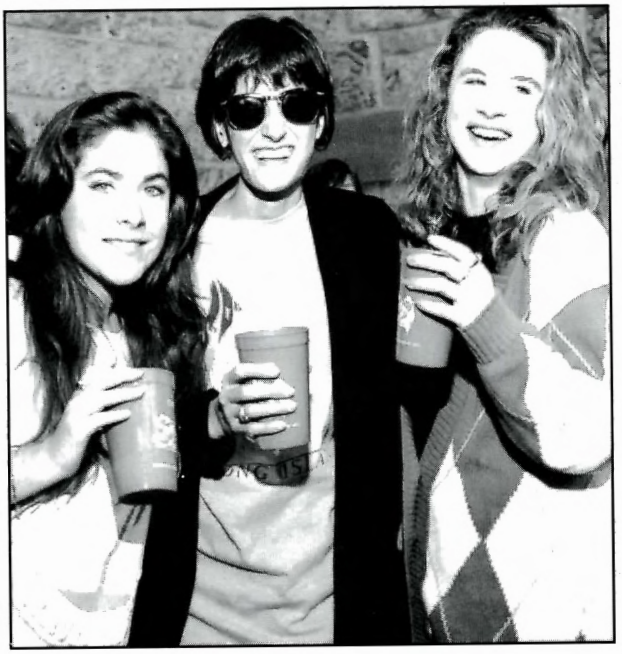


Sporting all the necessities for a picnic including sunglasses, beer, and a date, Melissa Greco wonders if Charlie remembered to bring the ants!

Simon Says: Lean to your Left



In this senior poise and appearance contest, Dawn and Lorraine prove they can balance anything on their heads.



While Rose and Jenny smile for the photographer, Abby grins to the distance.

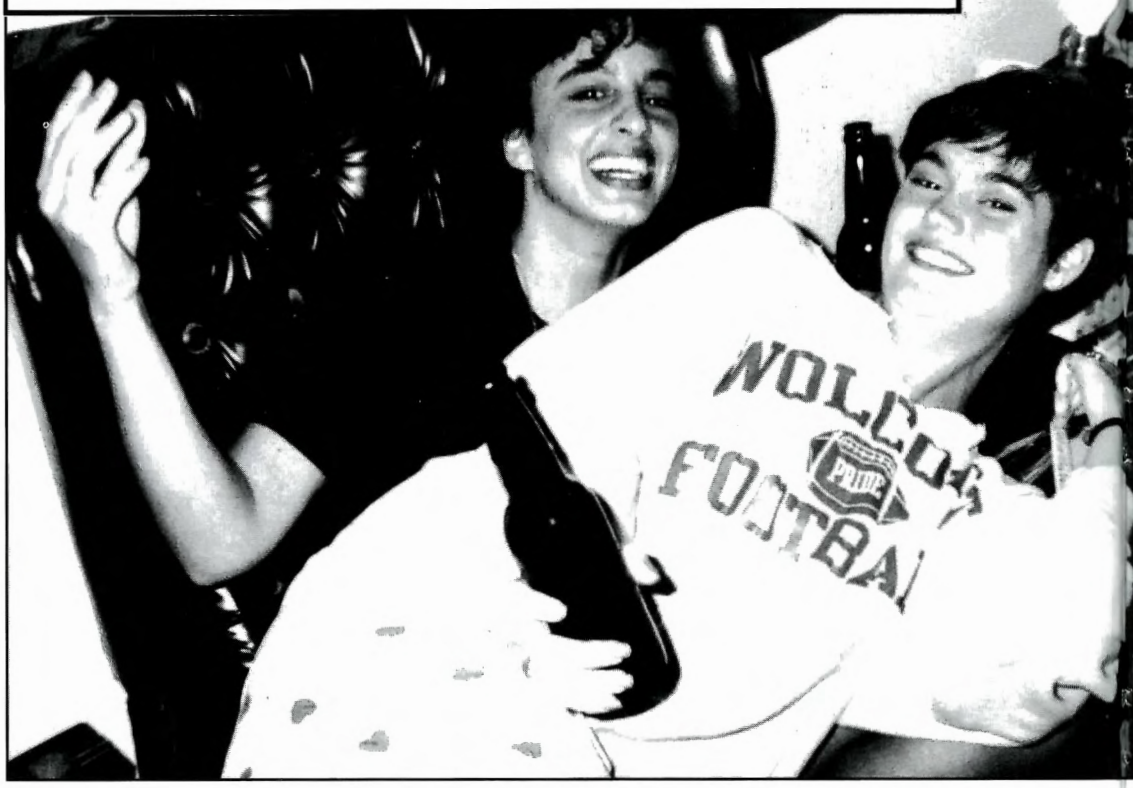
Picture Perfect Seniors: Ann O'Connor and Mary Maguire

SENIORS

What would you like to forget about CNR?

The time that I laid out on Brescia Beach and came back with blisters!

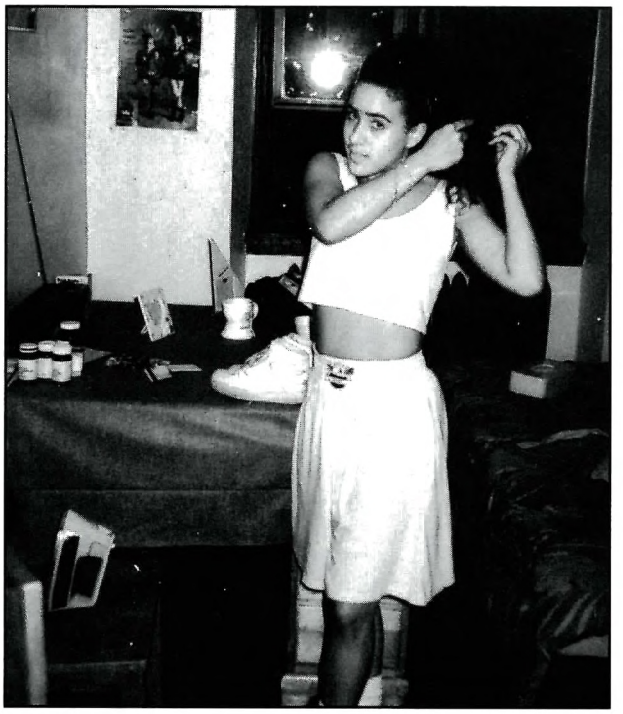
My embarrassing moment down Maura Hall stairs!



It's easy for these girls to smile. They make $10 an hour by wearing these "preferred" uniforms.

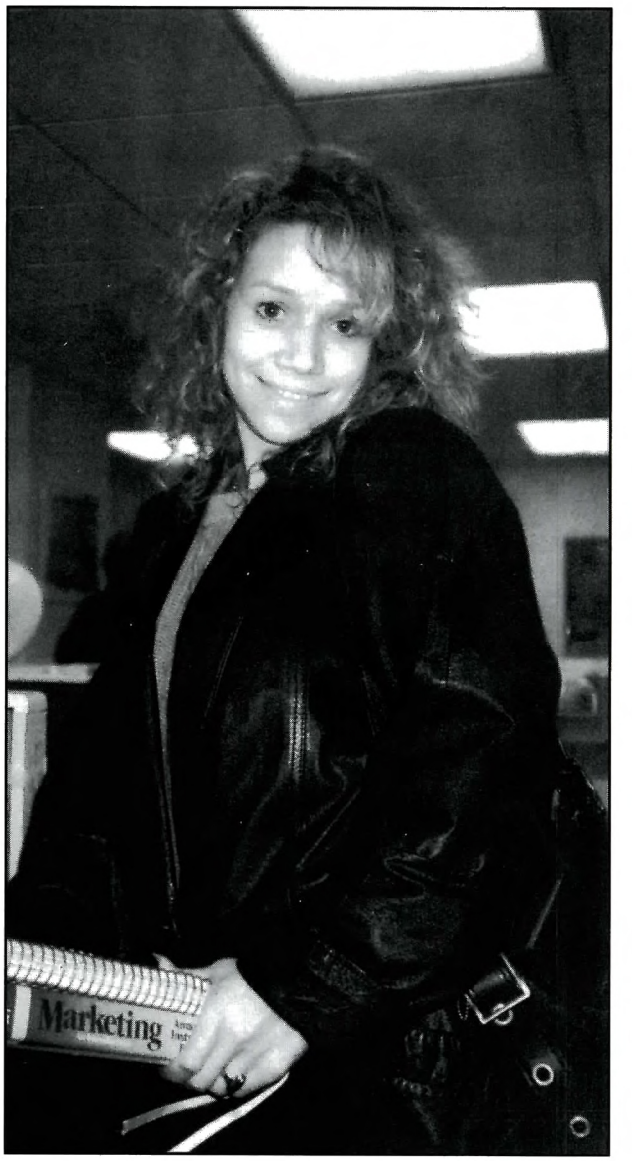
Trying to convince Miss LeVache that she was (not) in class is the big talker herself — Jane Daly.

Not just another pretty face



Vernice Reyes willingly shares some of her hair care tips.

It's out of the Bursar and to Marketing class for Mary Perez.



Rumors have a way of spreading like wildfire on this campus. Just ask Dawn Schroth who is supported here by her friends Patti Devlin and MaryBeth Quigley . . . They'll tell you all about it.

Ann O'Connor wears the disguise of an organized student. We know better!

As always, Kathy Hursak has a smile for everyone.

You gotta love long-distance relationships.

So how hungry are you Mimi?

Calm, Cool, and Collected: What a Nurse!

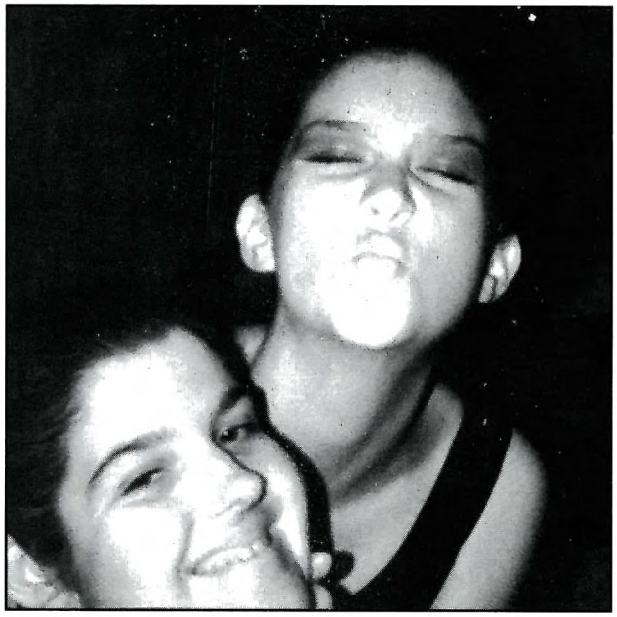
JUNIORS

During a moment backstage, Kathy and Tracy pose with actress April Dinwoodie.

Although she's in class, Linda Cassidy must continually answer everyone's financial aid questions.

Junior Class Officers: Robby Moore, Noreen Mastellon, Tammy Schellinger, and Erin McGowan.

All puckered up, Noreen convinces Jeannie that she is a wiz with makeup.



Six CNR nurses in a row.

Get your picture taken with me or else I'll use my muscles on you!

What is the one thing you want to remember about CNR?

That I actually did receive an education — I think!?

The first time that I saw Reader's Theatre.

Dropping by the set of "Dames" and being shanghaied into the stage crew.

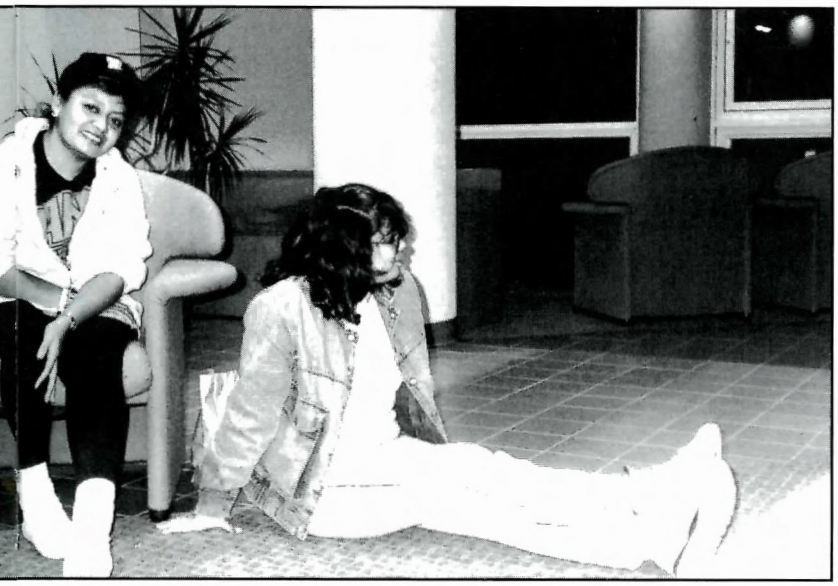
The friends that I have made here, corny but true.

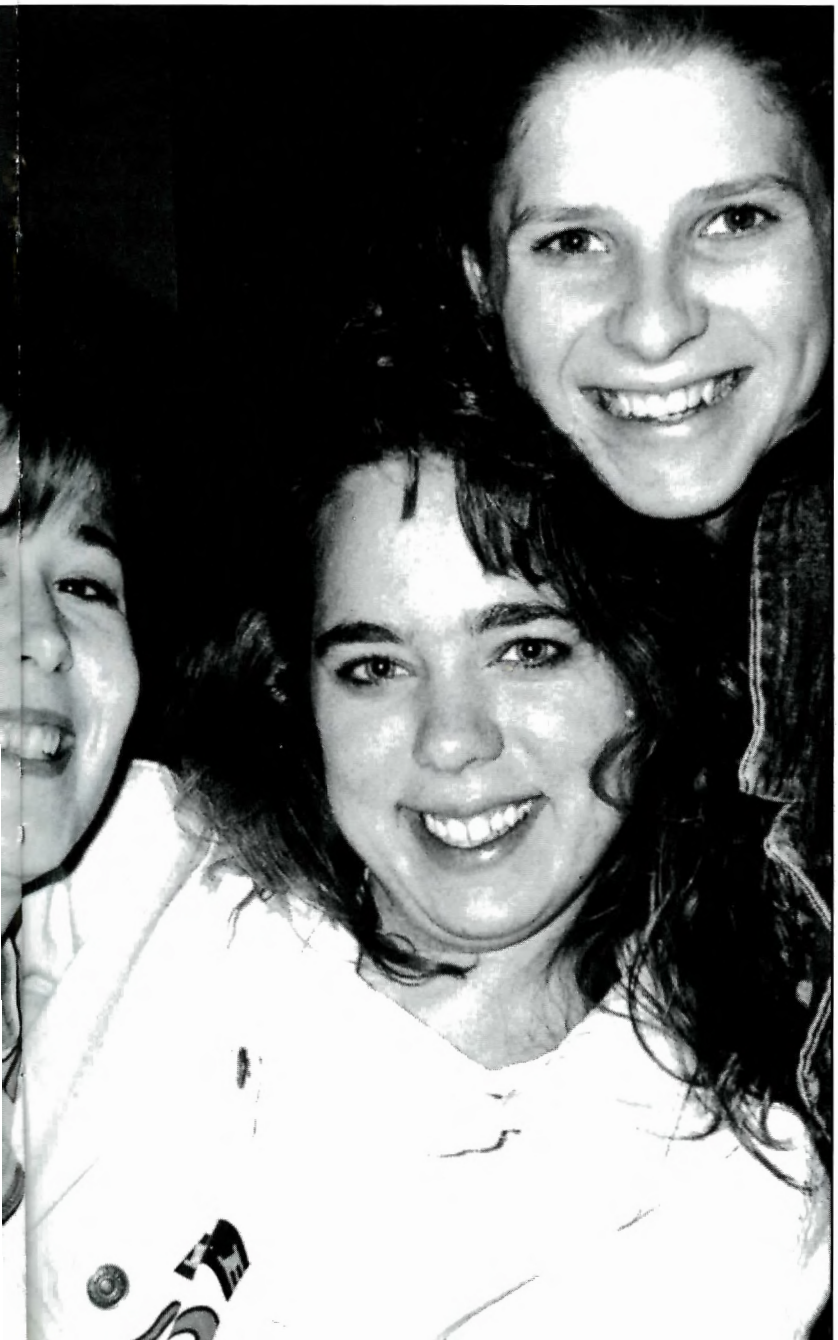
Trying to look nonchalant, Jean Marie looks the other way as Patricia Hidalgo kindly smiles for the camera.

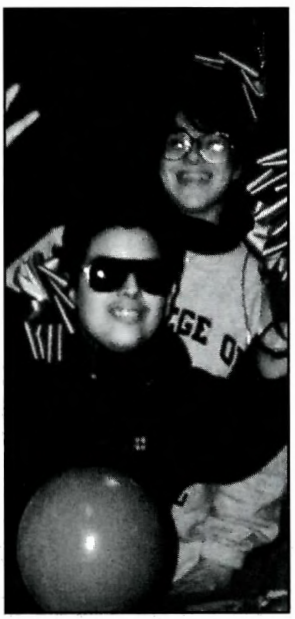
Proving that she's just another great and "flexible" roommate, Lisa brushes up on her yoga techniques.

Gina shows some leg in the Ursula Smoker

Leading the class of 93 at the spirit dinner is the one and only Lisa Burness.





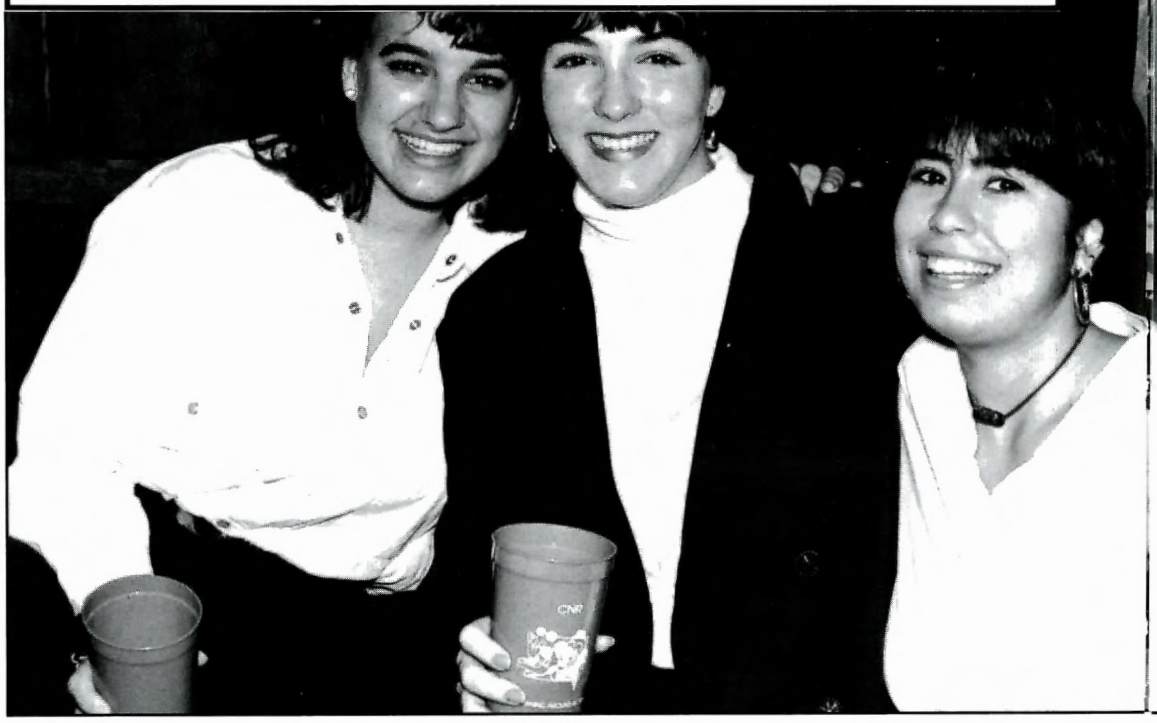


"What Junior Ring?", asks Robby Moore, Jr. Class President.

"Wait Cari, what does peace have to do with the spirit dinner?"

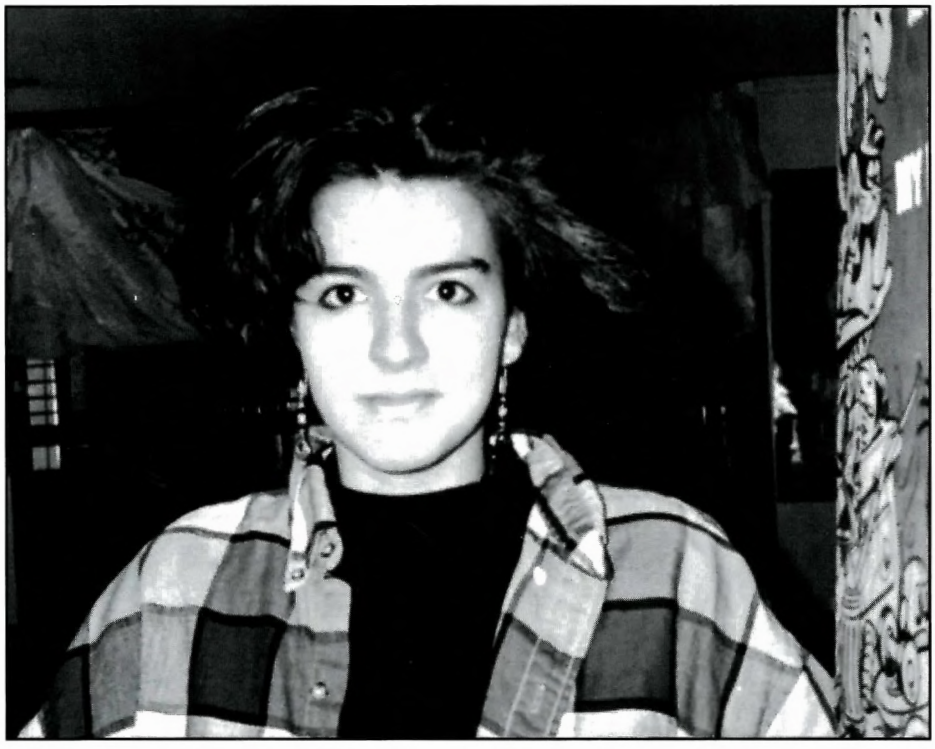
Happy to be underclassmen

SOPHOMORES



What would you like to change most about CNR?

Tiffany Lawton: Definitely increasing the unity on campus.

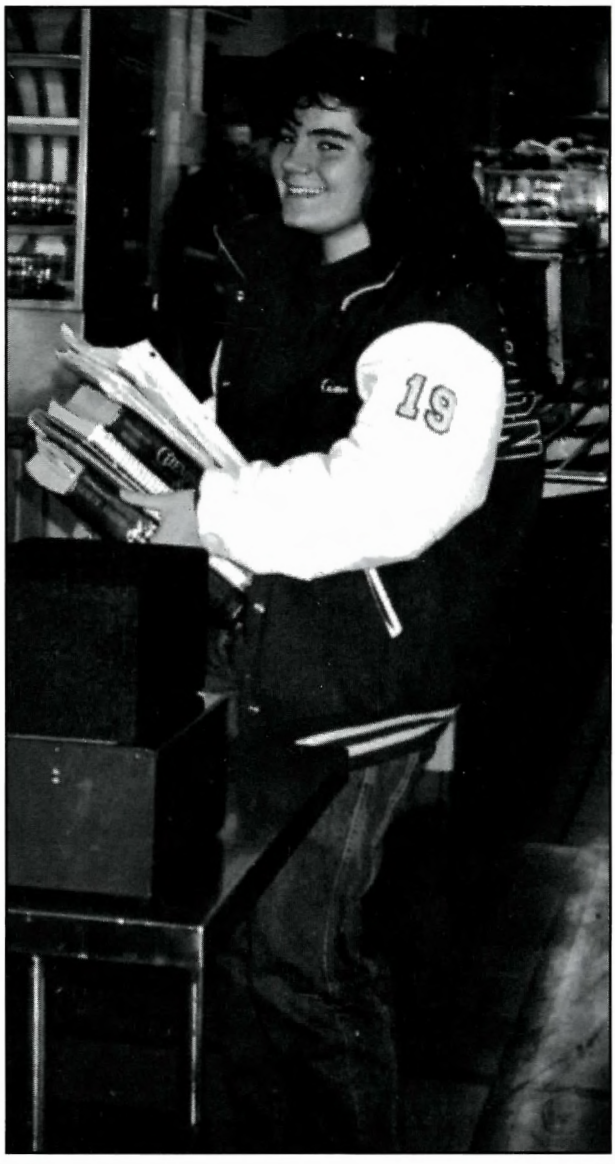


Gee, Heidi — Your hair is so umm, beautifully styled.

Maryse Kowack: CNR Spirit in harmony.

Hey Lizvette! Watch where you are aiming that thing!

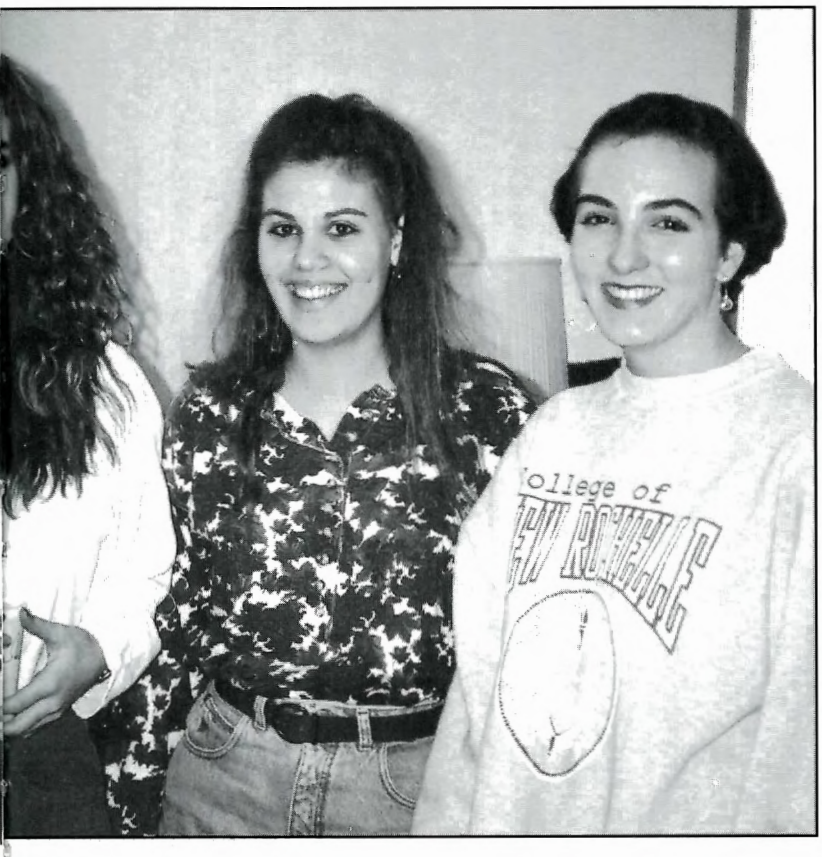
If you had one more book, you'd be a walking library.



O.K., O.K., What exactly is pinky power anyway???

Hey Tim! Aren't you an upperclassman? Some people will do anything to get into the yearbook.

Here comes Jackie, bouncing along on her merry way.



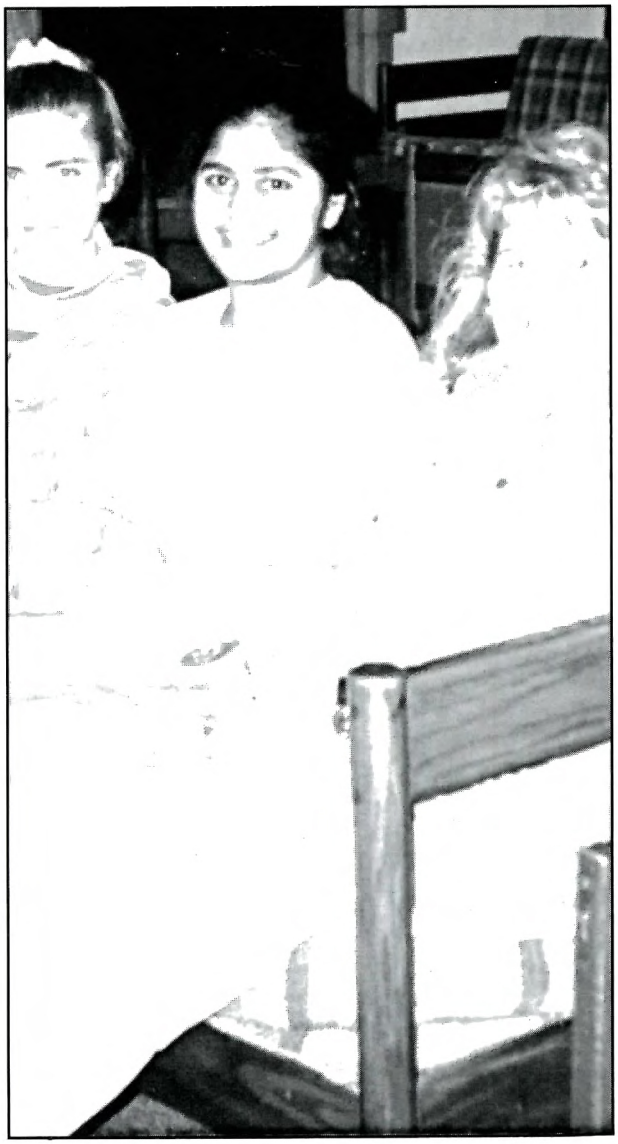
"I really don't want you to take my picture, BUT if you let me get with my friends . . . "

Somehow able to smile and *eat dinner in the cafeteria is Shawneak. (We marvel at your strength.)*

Sue Grady laughs at the suggestion of going to the library. Don't we all?

FRESHMEN

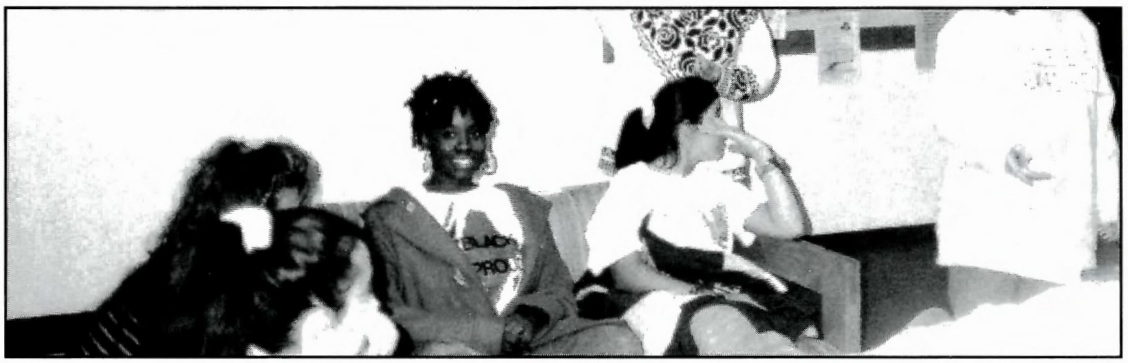
You know you're friends when instead of fitting on different couches you decide to cram three bodies into one of them.



Have friends and sneakers — will travel to unknown places.

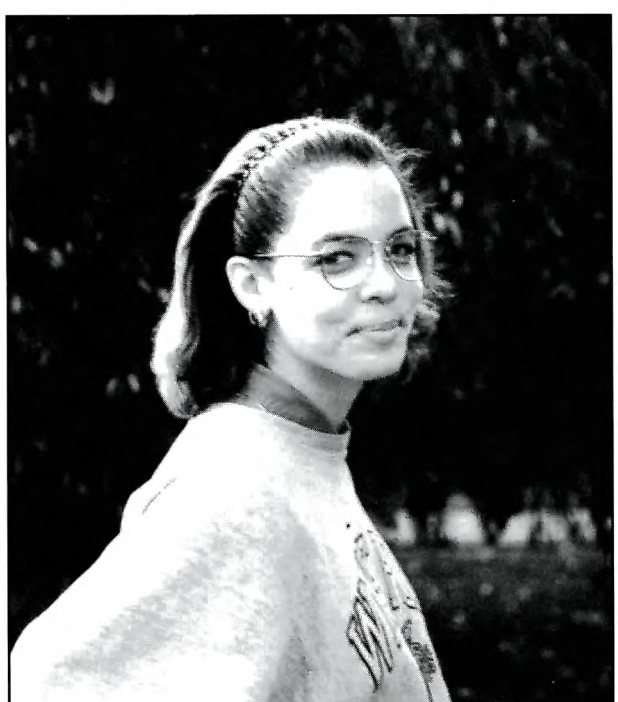
How can you be so happy and yet so very close to the cafe?

"If I promise to tell you a secret, will you promise and cross your heart to keep it quiet? (Not on this campus!)



Why is Calandra the only one paying attention here?

Hmm . . . developing film in the midst of so much light. They're probably sabotaging yearbook film. Thanks guys!



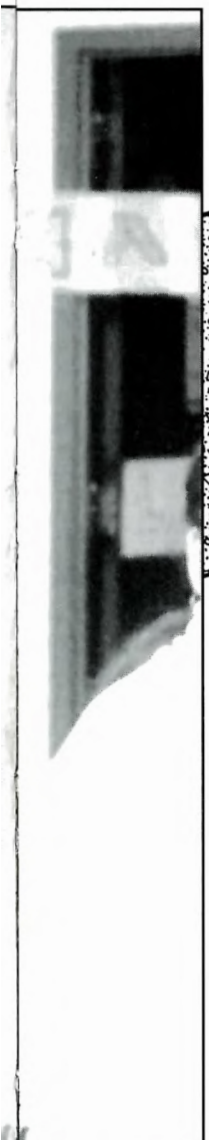
"You just think you are so smart taking my picture don't you!"

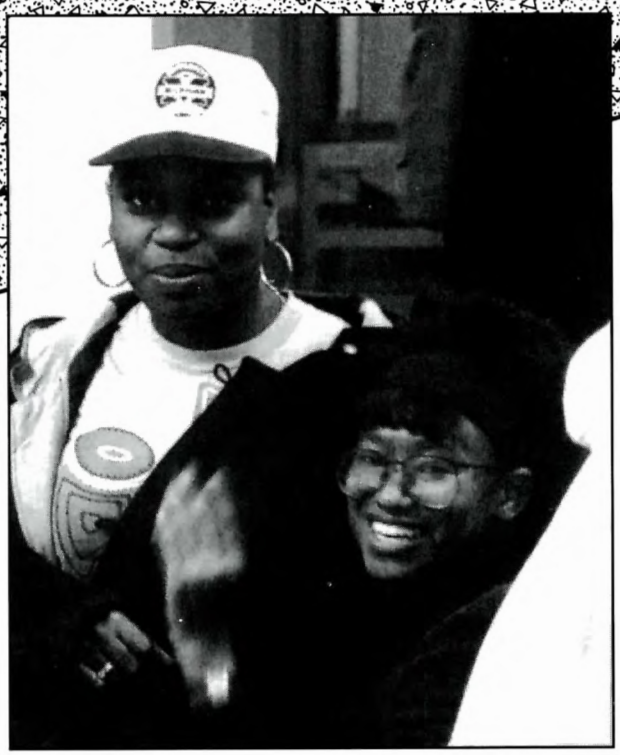
Please don't hurt me.

Jen and Kristen: Best Friends Forever!

Was the "access card necklace" your idea or a freshmen thing?

Stopping for a shot on their way to dinner are Amber, Sue, Kristen, Nora, Becky & Michelle. Don't they look thrilled?

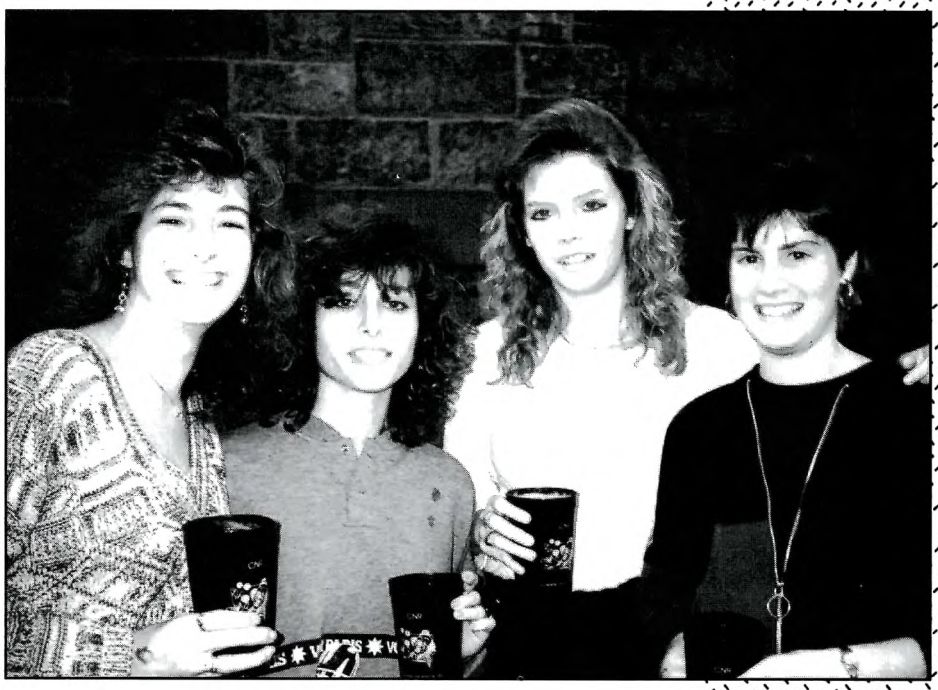




"Is this really for the yearbook? . . . I am so excited!", chant friends Wendy and Saipin.

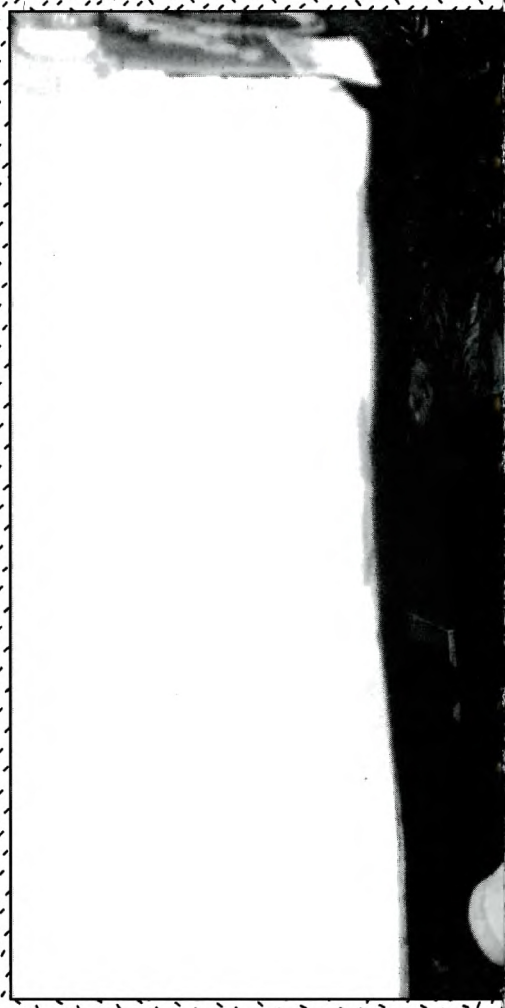
"Here, take her, no really, I mean it. She's yours. Yeah, I insist, please be my guest. No really . . . "

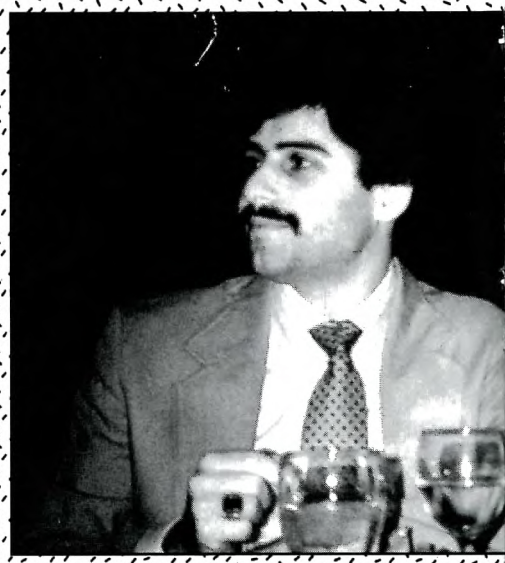
COMMUTERS



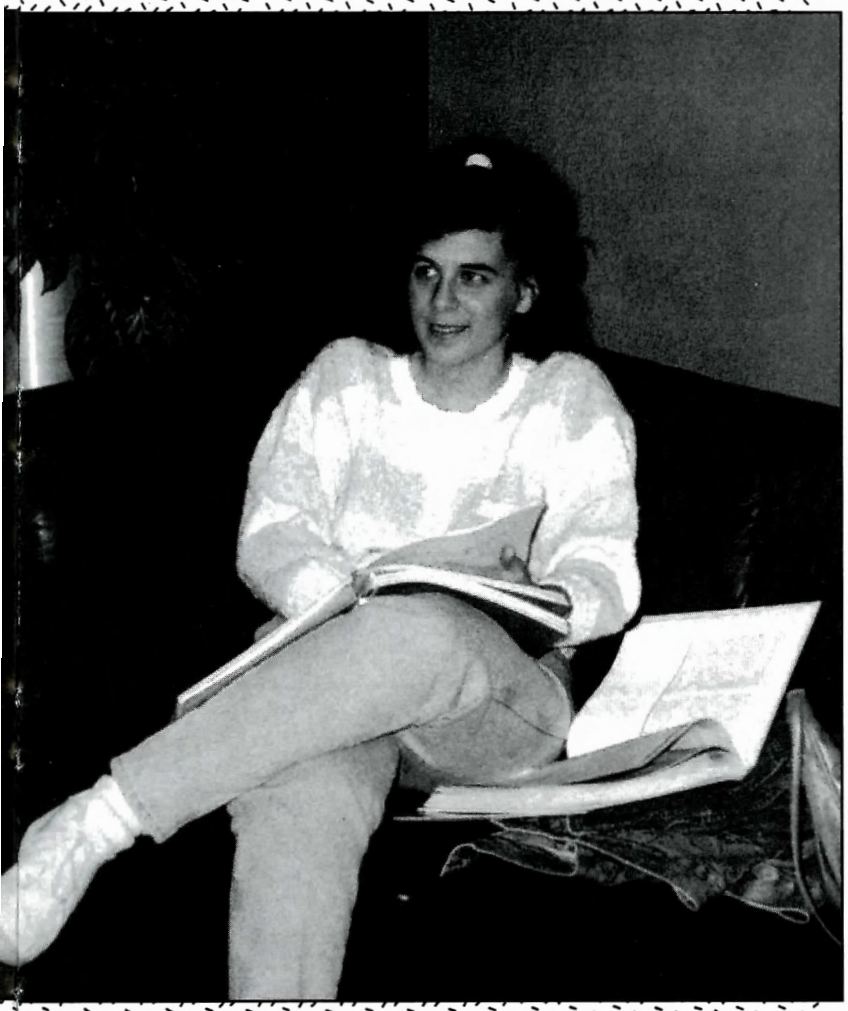
The Commuter Connection: Seniors Cathy, Julie, Michelle, and Denise put down their cups to smile for the camera.

Caffeine and Nicotine — you can't live without it!!!

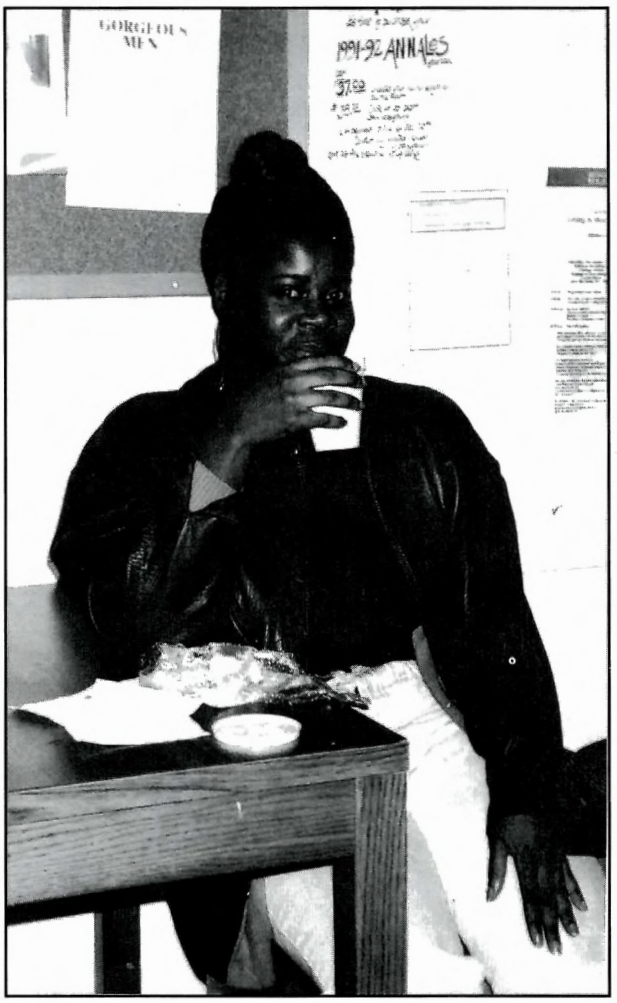




Maria Gagliardo takes a break from studying to figure out exactly why someone is dressed like a party table.



There's nothing like a good (what?) cup of CNR coffee!



Commuter Friends

Lauren Lachman and friends take a well deserved break.

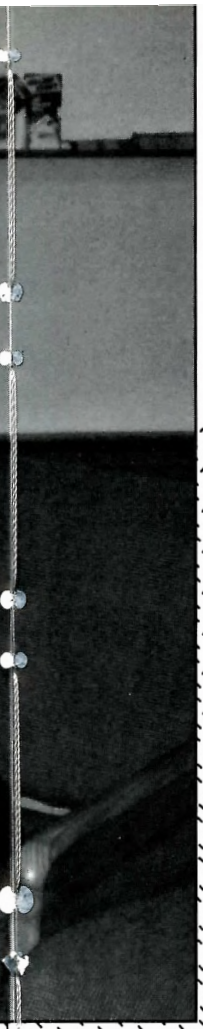
"Yes, five of us can fit on this couch!"

Rising from their naps, Debra Damsky and Tricia Seacord agree to be put in the yearbook.

"Just don't show my lunch in the picture, ok?"

Helena Osinloye plays the role of the shy commuter.

Commuters with class — Diane Lynch and Gina Cipriani.

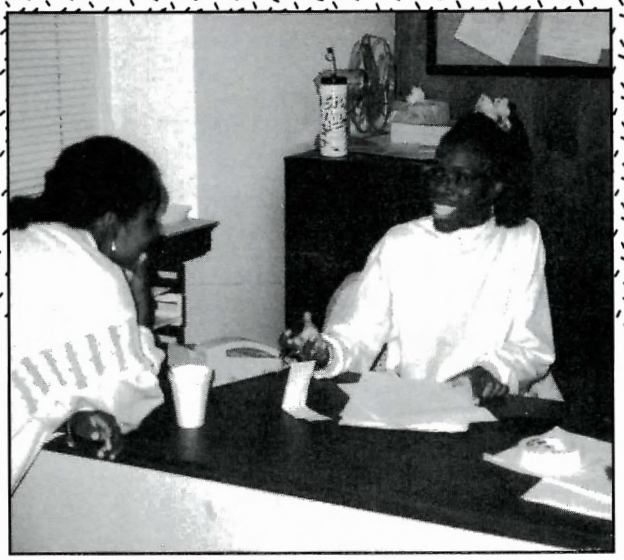


"What makes you think that we are commuters?"

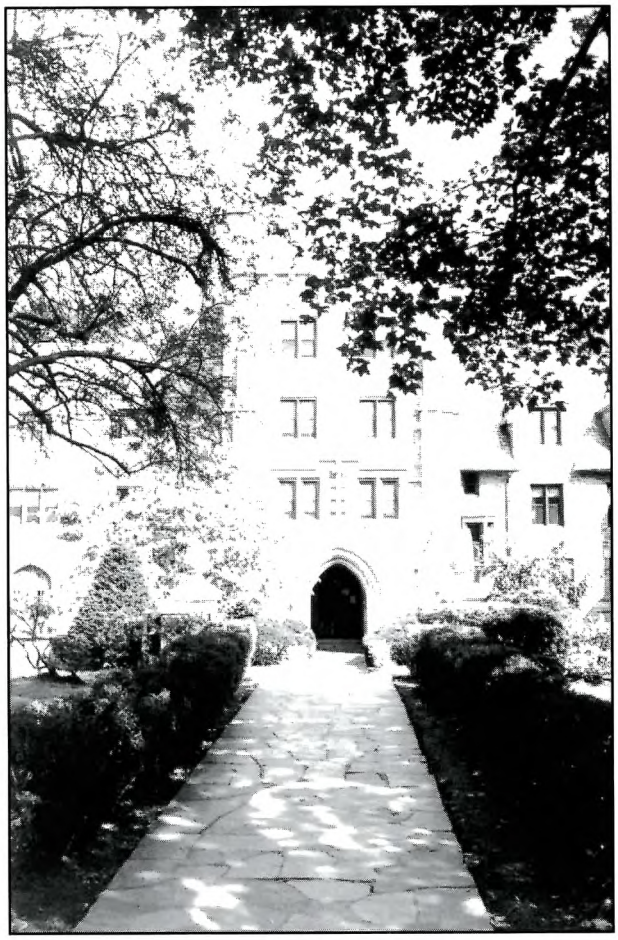
"Why am I here again? Class? You mean no nap time?"

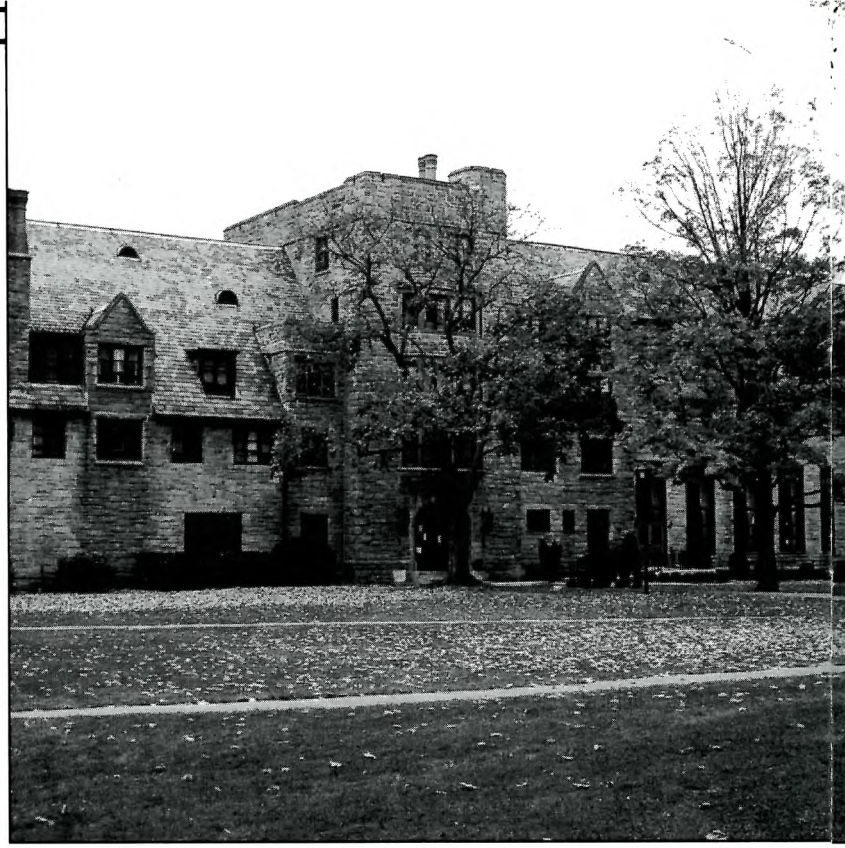
Aine checks her academic planner to see where she is supposed to be today.

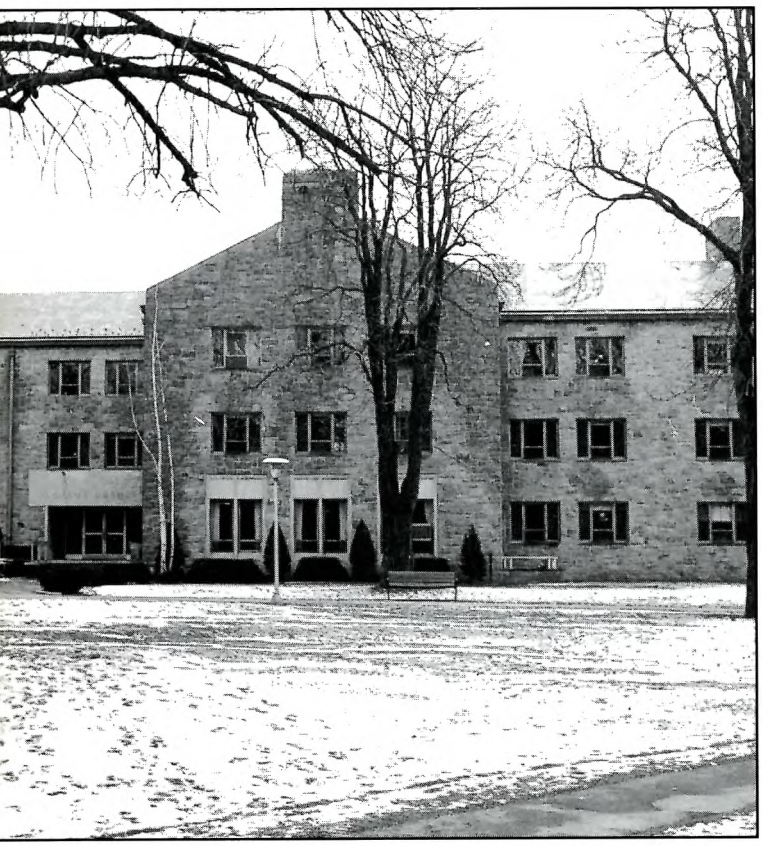
The only face of calmness in the commuter office

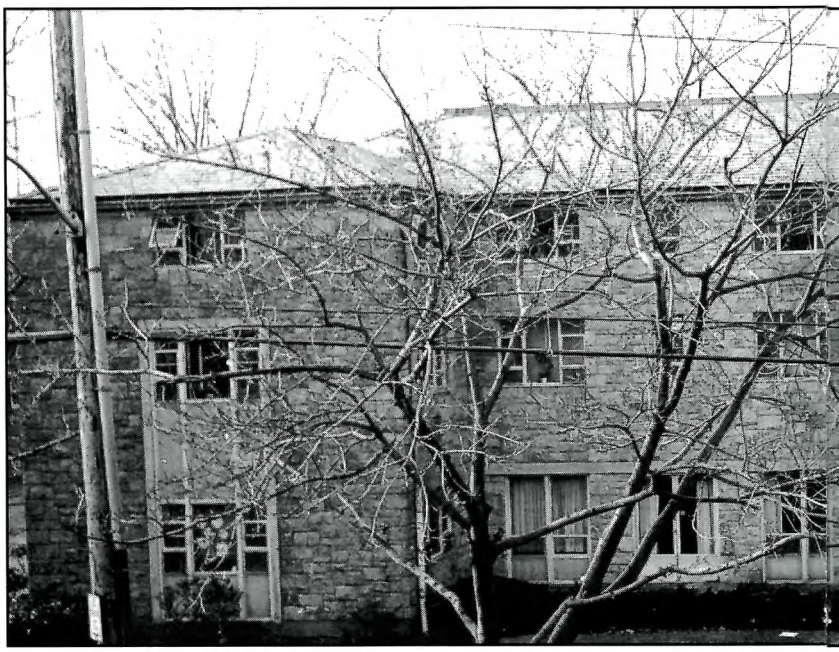


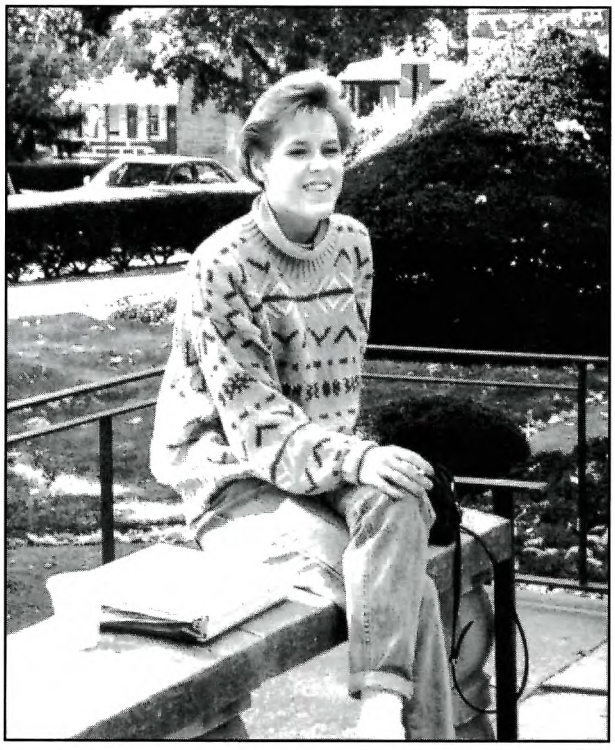
"CAs cannot accept bribes . . . I'm sorry. Wait, did you say that you'd give me fifty dollars for your mail?"







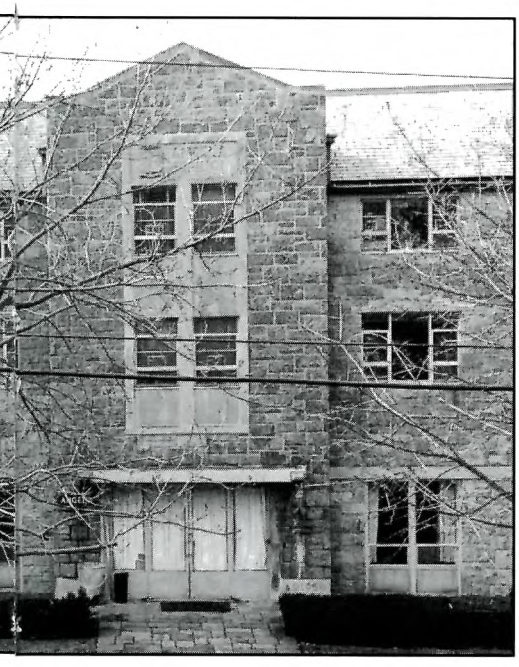




Not only is Kristen Sommerhalter president to Council of Students, but she's also one of the few, the proud, the RAs. "So, when do you finally get a chance to sleep, Kristen?"

Like every year, the issue of changing parietals resurfaced. Many feel that residents should be able to have men (what?) stay over in the dorms. The reasons for this extension have never been explicitly stated. We can guess, however. Reasons probably include: it's convenient, hotels just cost too much, and laundry is easier to do in the morning. Most importantly, it would provide a new environment in which we could learn more about others. With this as our rationale, it's a wonder we're even allowed to have men visit.

Proving that RAs and RDs are always there with a smile are the residential staffs of both Angela Hall and Maura Hall.



ANGELA

We are so thrilled to be here in the upperclassmen utopia.

"If you don't mind, I'm trying to have a conversation!"

"Hi, my name is Dawn and this is my friend Helen . . . Here at the College of New Rochelle we live in Angela . . . please help us!"

Popeye the Sailor Man

Robby Moore . . . could she be studying?

Oh my, what nice big teeth you have!

"Hey, don't bother me. I am just an R.A."

Pose for a yearbook picture? Why it's our pleasure!

BRESCIA

MAURA

Kate Bennedum regains her artistic spirit now that she is living in Maura.

At the slide library, Sabrina begins to think that this is her second home.

Now does she really look like she would be happy to help you? NOT!

Yes, I am one of those seniors who gave up her constitutional right to live in Angela.

The "bimbos" pose for a typical shot — Hey! We love ya!

Lisa and Amber getting ready to go out on Halloween. What's wrong with this picture?

I'm down to counting the days until I am outta here!

Frosh hanging out in the second floor lobby! Remember — Noise Annoys!

A Letter to Mom and Dad

Today is the day that it actually all comes together. Just yesterday, I was only a toddler but now, my childhood dreams are footsteps away. You reminded me over and over again to hold onto my childhood, but I fear that I have let some of the time pass me by. I can still vividly remember tugging on my Mommy's skirt and sitting on my Daddy's lap. But now, Mommy is Mom and Daddy is Dad and there isn't much time to play anymore.

As I walk the commencement aisle today, I want you to know that I am me only because of you. When you look at me, see me as the woman I have become but do not forget to search beyond that face. Look into my eyes and feel my touch and find that little girl who still needs your guidance and more importantly, your love. Look into my heart and see you. Then, my dear parents, close your eyes and lock this image in your mind. As you carry this picture of me with you wherever you go, feel secure in knowing I am carrying your image with me. This, along with our love, I will cherish forever.

TATLER

The Tatler Team: KarenAnn Carty, Patti Devlin, Andrea Albertelli, Katrina Williams, Sue Paprota, Jeannie Humphries, and Terri Briceno

Putting together a newspaper, a yearbook, or even a journal, takes an incredible amount of time and patience. During the Fall of '91, Tatler was plagued by a lack of students who were interested in fulfilling the entire obligation of composing a student newspaper. Later, an Annales staff formed and the same problems seemed to reappear . . . Although being a Tatler reporter or a Phoenix staff member can be a time consuming job, it is still an important one. While only a minority of CNR's students find their way to these organizations, it is still very encouraging to see the reaction of the entire collegiate community to the new issue of Tatler, as well as the new Phoenix & Annales. Sometimes, this is reason enough to persevere.

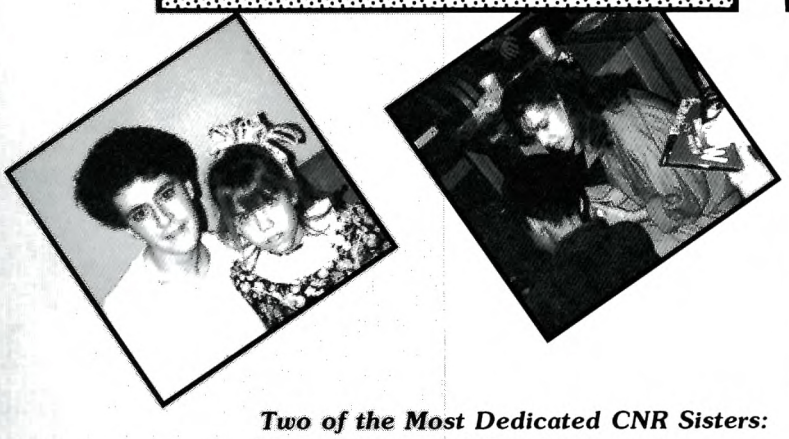
CNR SISTERS



Two of the Most Dedicated CNR Sisters: Beth Videtto and Erin McGowan

When I first met my little sister, she ran to the back of her classroom. There I was left at the door standing — and blushing! As a freshman, I had volunteered to be a part of CNR Sisters only to realize that very day it wasn't an easy task. Being a CNR Sister is a commitment. CNR Sisters is a community service organization which enables the CNR student to be paired up with a pupil at nearby Jefferson Elementary. While it only requires one hour a week, there is a need for the CNR Sister to realize that her "little" is depending on her. Yet, ask any CNR Sister how she feels about the program, and she will surely smile. There's something about children. — Lisa Waldron, Co-President.

The Show Must Go On

Put together a full-scale college musical in a mere five weeks? "Impossible", you might say, but Props and Paint manages to do just that every Fall. The credit for this amazing feat can be given to no one but the dedicated, hard-working students who commit themselves yearly to the fall musical. Whether they are on stage or backstage, these students must juggle their classes, homework, and work hours while they memorize their lines, build sets, make costumes and attend rehearsals. The week before opening night, the entire cast and crew, save a couple optimistic souls, complain that they will never be ready and beg for opening night to be pushed back another week. But somehow, by the grace of God, everything comes together in the end . . . And by closing night it can be heard backstage — "Thank God we got this together in five weeks. If we had to do this any longer, I wouldn't have made it!"

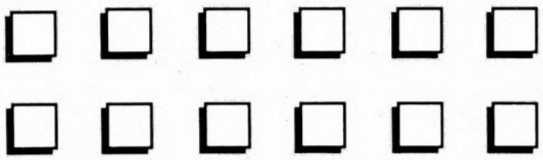
Talk about jumping into a swimming pool without making sure there's water first. Ask any Annales member why she volunteered to be a part of the staff. Go ahead ask. You'll never get an answer. Why? Because we can't remember. One thing is for sure, though. We have tried to put together the best yearbook yet! Each of us has brought something different to a staff that should pride itself on its diversity. Last year, no one could have predicted that we would all come together to form this team. Luckily, we've gone beyond the surface. We've learned to work together for the same common goal.

How and why did I ever get myself into this?



Scary thought: we thought this would be funny. Obviously, this was a postmidnight idea!

30 pages in how many days?
Wow, it really smells like puke in here!
Let's make this the best yearbook ever--
If they don't like it, they can kiss my _____!
WHY ARE PEOPLE HANDING IN PICTURES NOW?!
Who is this chick?
We really should have a contract with one hour photo.
I'll be photography editor, but I don't have a camera.
Look Dale!, I have a calculator just like you!
Oh, she can't come to the meeting? What a surprise!
Hey! That's my Reese Cup!

I'd like to start off this meeting by saying that I never want to develop film at 2am again. NEVER! NEVER! NEVER! (WA, WA, WA)
LuAnn's car was broken into--and yearbook stuff was stolen?
KarenAnn said something about being in debt by a couple of thousand dollars. So what does the school do with its money anyway?
Just charge it to the Annales budget?
Social life?! Maybe next semester.
Porno photos of LuAnn and her man.
No, I'm not behind in my schoolwork. No, really--I don't have to graduate, just completing the yearbook is inspiration enough.
What the hell is a pica?
Guess who called? JOE MAMA!!
Are captions really necessary? It's such a small school.
If you don't know them now, you never will!
I just can't care anymore!

At CNR, is it not a rare occurrence for a member of the administration, as well as the faculty and staff, to stop a student, whom they acknowledge by name, to ask "How are you?". At CNR, students are not numbers. In addition, the instructors and employees of this college are not unknown personalities. What transforms our campus into a community is the dedicated attitude held by each individual to truly make CNR a pleasant and successful environment.

Beyond the surface, CNR's faculty, staff and administration are more than a group of employees. They are approachable and more importantly, concerned about the welfare of the student body. There is a comfortable atmosphere that blankets our campus. Whether one works, lives or studies here is secondary. What is important is the way in which one contributes successfully to CNR. The College of New Rochelle is unlike other campuses in that the school, as a whole, contributes to the successful maintenance of its mission. It is in this mission that the complete development of the student is set as a goal. And it is only at CNR that the mission is fulfilled. Keep the spirit alive.

Undoubtedly, KarenAnn Carty (K.C. to her friends) is one of the most energetic and optimistic advisers to ever grace this campus. She exhibits an eternal faith in CNR's student body. She helps to make the responsibility of being a student leader a little lighter, if only with her caring smile. It is not unusual to find KarenAnn frantically typing away at her computer keyboard in order to get the latest memo out nor is it unusual for her to spend three entire days compiling student responses to a survey. What helps to make her dedication so apparent is her attitude: she remembers what it was like to be an undergraduate! Luckily, CNR still has KarenAnn. It is because of KarenAnn that so many of us develop a true sense of pride toward the College of New Rochelle.

Nick Theodore, Food Service Director

One of the national pastimes at CNR, as well as college campuses nationwide, is to complain about cafeteria food. So often, students get so wrapped up in complaining that they forget about the people behind the scene. As we learned this year, CNR has planned a major dining hall renovation. This change, however, will involve a major loss. One of the most competent and caring Food Service Directors is retiring this year — Mr. Nick Theodore. Mr. Theodore, has always been there with a smile and an added extra — including free punch mix. For those of us who have ever underplanned a CNR meeting and ran to the cafe for rescue, Mr. Theodore has been our savior. May happiness and luck always follow you, Nick.

Whose class is always closed out? Whose class can one usually be signed into if she has a legitimate reason? During every registration time, one of the first courses to fill up is Father McMahon's poetry class. Despite the concentration, poetry is his specialty. No other instructor could make an entire class comfortable enough with each other to recite lines of a Robert Frost poem together. What makes Father McMahon such a favorite professor is his philosophy — poetry must make you feel. He makes every attempt to help make poetry, no matter what the topic, relative to the life of the student. In addition, he shares a bit of himself with his students. No other teacher ends his course by asking everyone to share their favorite poem with the class. Father McMahon brings poetry to life and into our lives. We are all the better for it.

Trick or Treat

"So, what time are you going to sneak your boyfriend in?"

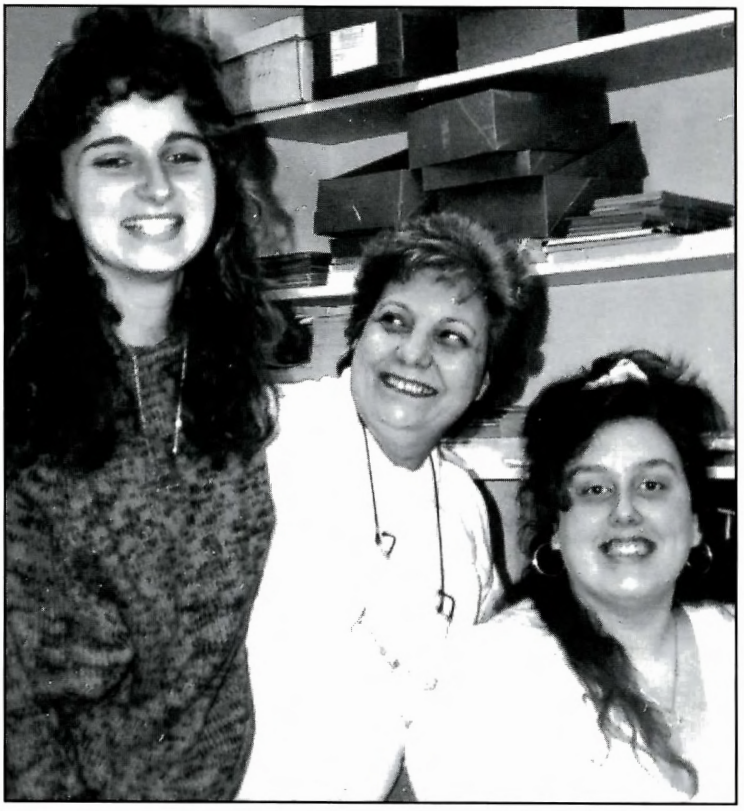
Two Freshman Class Officers: So young . . . so naive

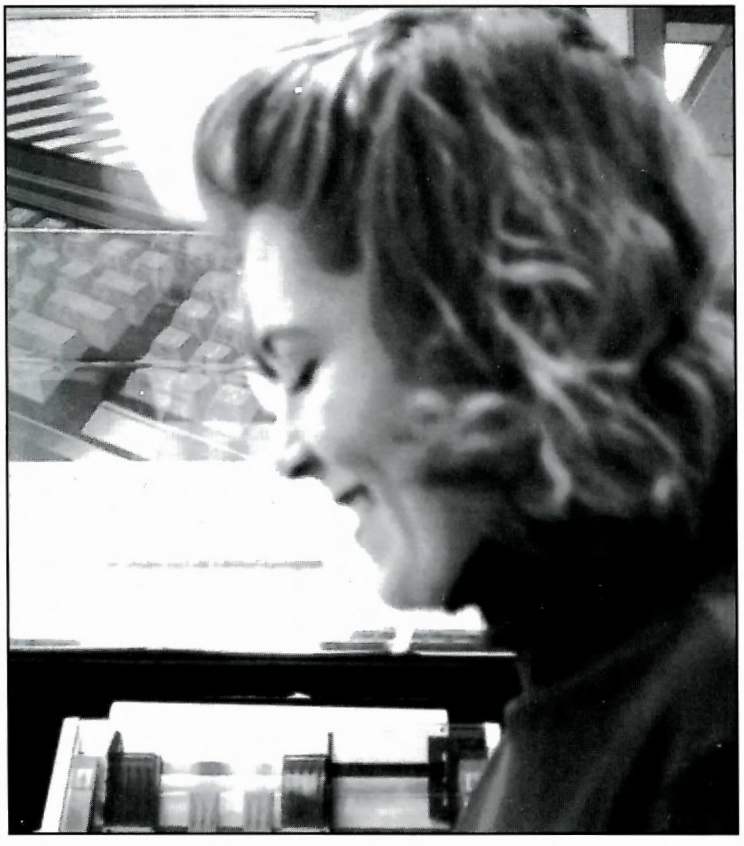
Who says that I.D.s are necessary?

No matter how much there is to do, CNR girls always find time to go out. We have to! We learn that college life shouldn't be purely academic, but it is very easy to forget to make time for yourself. You write in your academic planner that you must break away and go out. The weekend arrives and you hit the avenue. So many places, so little time . . . Bumpers? Gary's? or Glory Days? Later, a quick and blurry glance at the clock and it's already daybreak! You find yourself stumbling into the dorm and waking the next morning to the realization that the entire weekend is over. Where'd it go?

What exam? Why, we'd rather pose for a yearbook shot!!!

Rita Paolucci with her payroll student workers.





Pretending to be shy is Financial Aid worker Heather Parker.

Accounts Payable Clerk, Patty Bruzzano is surrounded by the infamous Financial Affairs work-study team. Way to look busy, Patty!

Of course we're smiling! There is only one more semester to go!!!!

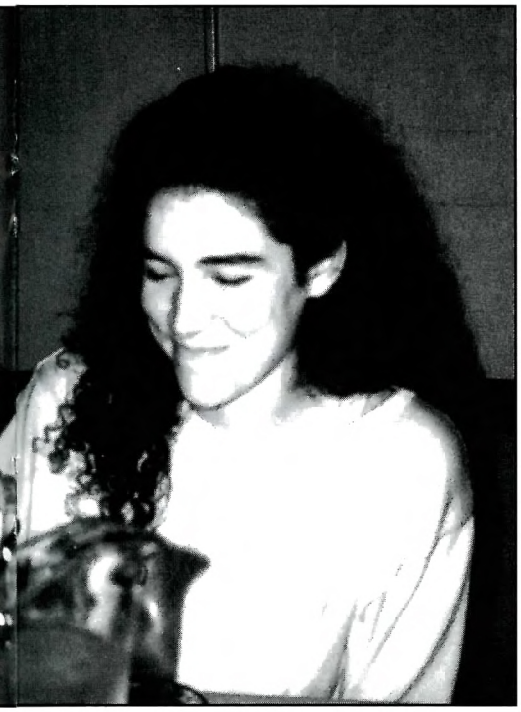
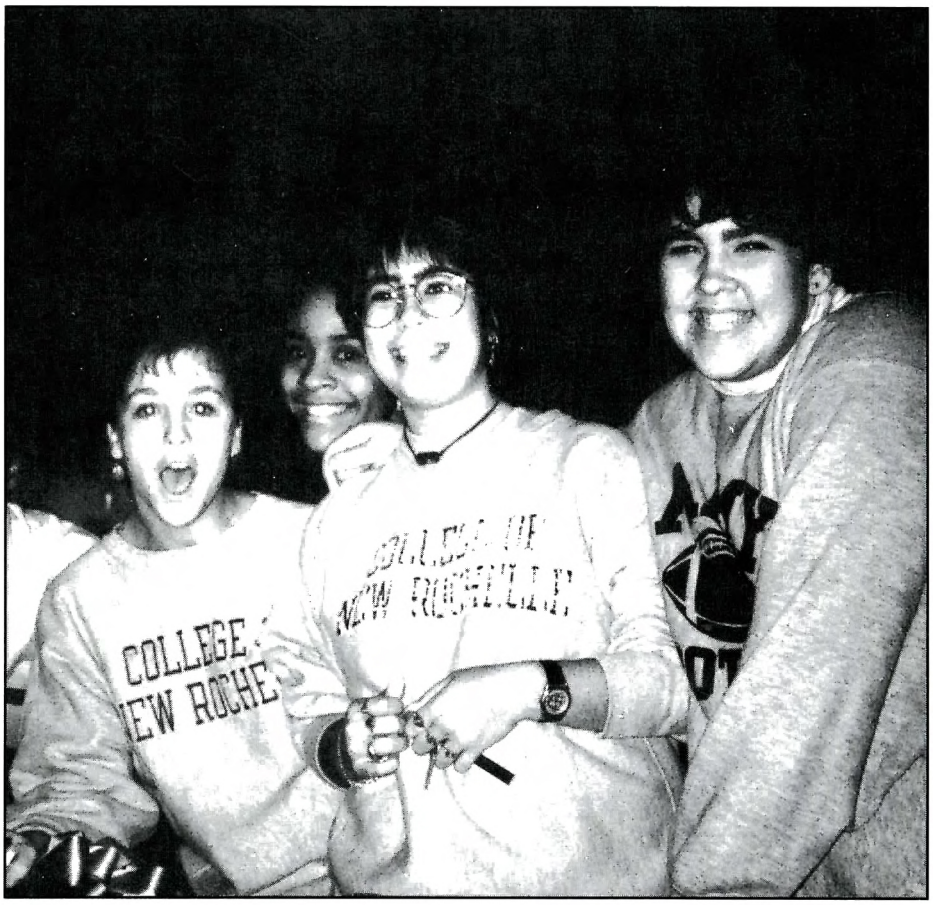
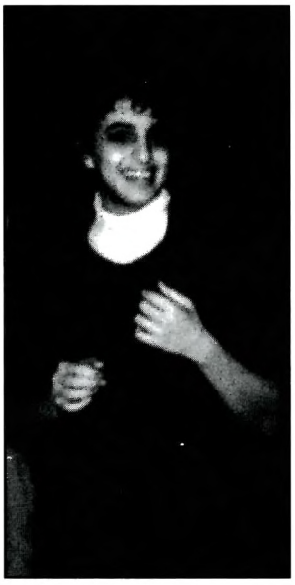
Some Spirited Sophomores Smile Sweetly

Are you here for the free wine, Roni?







Whattya mean I'm cheering for the wrong class?

As usual, the Class of '93 jumps into the competition between the classes with spirit and full force.

"It must have been cold there in my shadow, to never have sunlight on your face. You were content to let me shine, that's your way. You always walked a step behind..."

And now, you're right beside me.
Always, Lisa

To all of the people I've grown to care so much about; may the memories and never ending good times stay near to your hearts now and always. Thinking of you all will never fail to put a smile on my face.
To <u>Donna</u>: What can I say? I don't know where to begin. College has come to a close but our friendship lives on.
To <u>Barbara & Jenny:</u> An endless wishing well of luck to you both; living in 204 was the best.

Since our first day here at CNR we knew that the time would come when we would part ways. Sad though it may seem, it is a joyous occasion for us all. I want to take this opportunity to thank everyone who has offered me support during my college career. Look upon that past four years with happiness and nostalgia. Look into the future with hope and optimism and hold onto your dreams, no matter how out of reach they may seem. Dreams are the most precious jewels that we will ever own. **--Lorraine Groses '92**

DEAR LUCILLE,

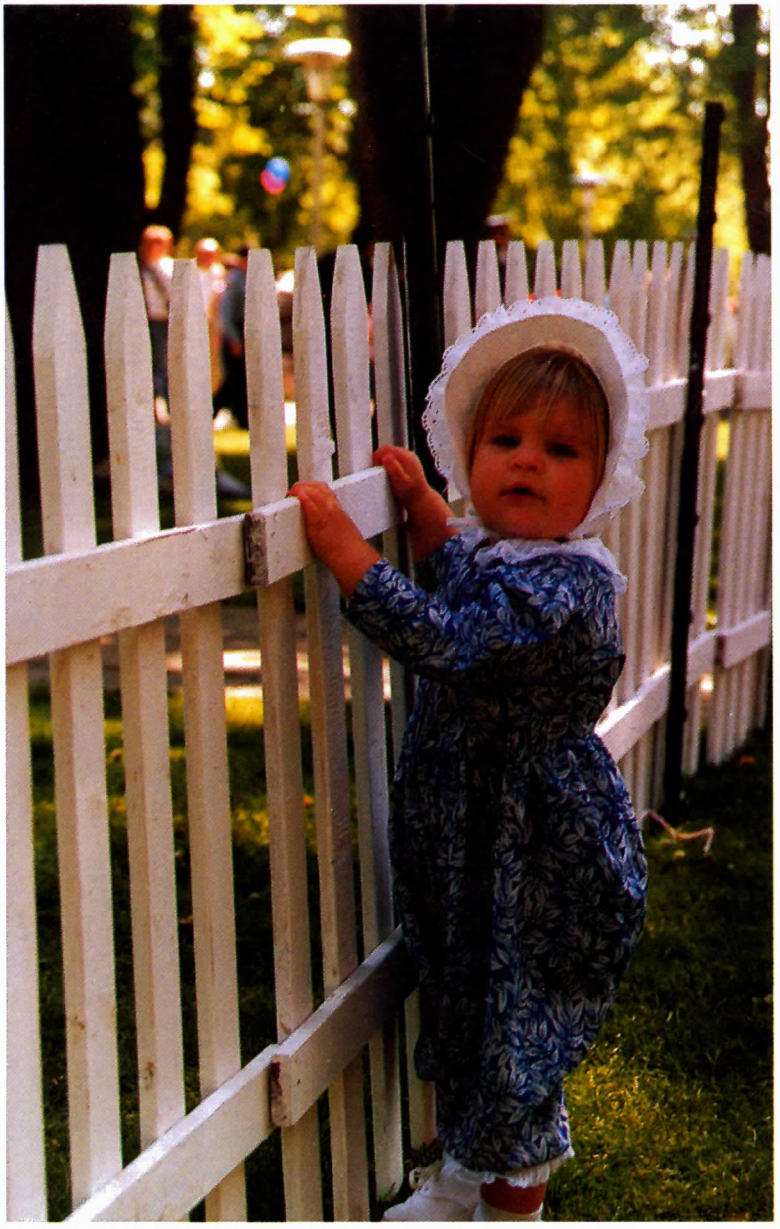
MY HOPE IF FOR YOU AND YOUR SISTER TEE TO KEEP THESE LYRICS IN YOUR HEARTS AND TO TRUST IN JESUS FOR THESE WORDS ARE SO TRUE OF HIM. IF I HAVE BEEN A GOOD MOM TO BOTH OF YOU IT IS BECAUSE OF JESUS. To the naive onlooker, Strawberry Festival is a time for a bunch of (obviously insane) girls to gather and celebrate a piece of fruit. Taking steps closer, the real purpose of the annual event becomes clearer. For the past nineteen years, the first Sunday in May has always marked the day when CNR officially welcomes spring. The usually deserted Maura lawn becomes a crowded social arena where students, parents, alumnae, and friends of CNR gather to celebrate. Not only are strawberries served 25 different ways, but there are games, where every child is a winner, pony rides, which Ursula Hall remembers for weeks after, and perhaps the more popular — beer garden. Strawfest '91 was a time for the entire CNR community to get together and have a spectacular party. May the party always continue.

The usual waitresses: Roni and Tim

Chrissy Melchner, Jen O'Neill, Barb Wiecek, Stacey McNulty and Jenny Jacome happily move in on the same man.

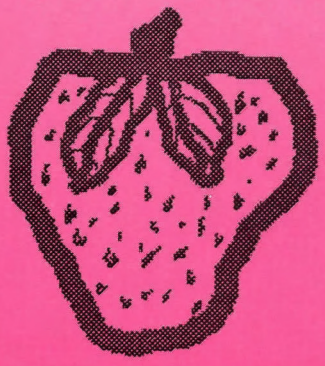
"So, do I look cute or what?"

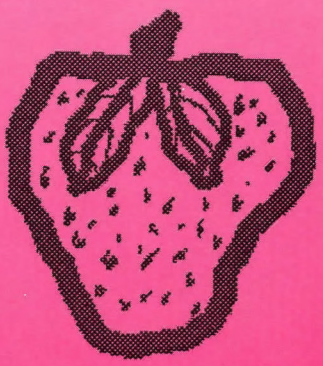
"Sure, I'm 21 . . . months maybe."



Kristin Hampton gives three cheers for herself — since nobody else would!!!

Everybody sing — "I'm a little teapot, short and stout!"

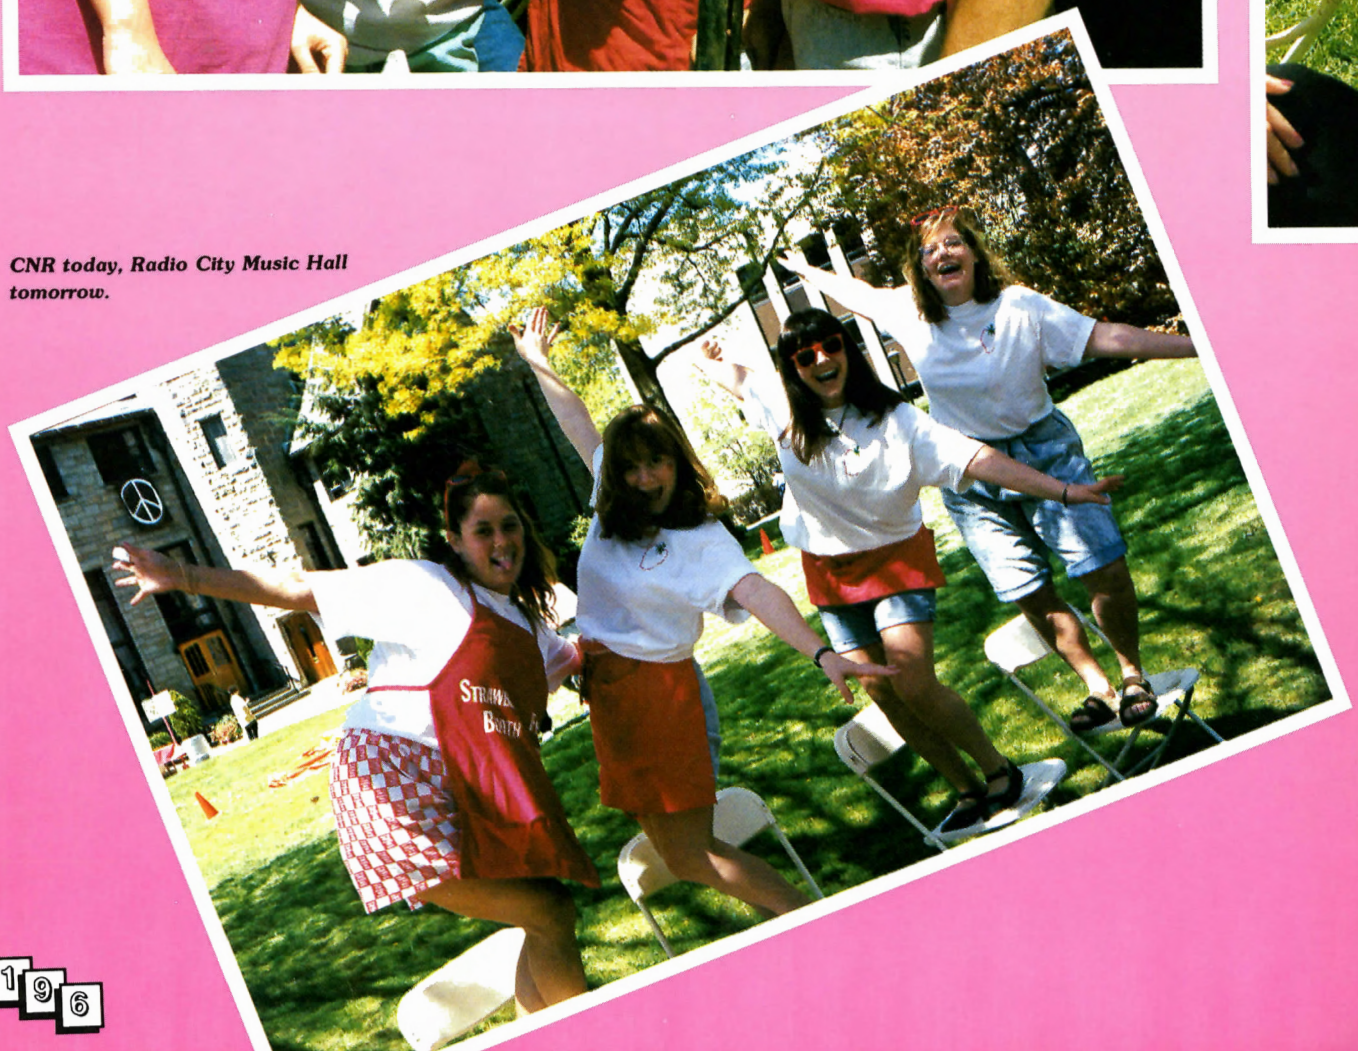




Linda, Jen, Mimi, and Dennis crowd around Lisa as she enjoys her FIRST(?) CNR beer.

Liz Basile takes a break from clowning around.

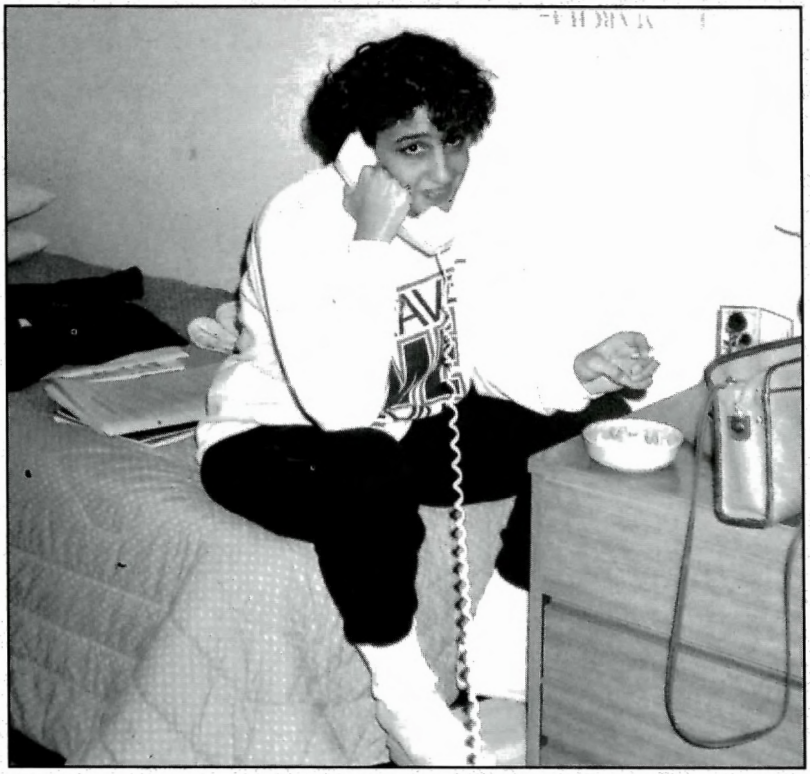
CNR today, Radio City Music Hall tomorrow.



Shannon and Meg take cover behind Alisa and Cindy.

True to life, Kristen and Amy: puddled as usual.

Proving once and for all they are not joined at the hip, Katie Green and Donna Martuge connect cheek to cheek.



Yeah Mom, I used the birthday money for a practical gift . . . and I never kissed a boy . . . and um, yeah I'm leaving for mass now.

"Katie, don't give me that look," Donna says. "My Dad is district manager for AT&T."

"No, you can't call me later Mom," says Kathleen Keller, "I'll be in the library all night." (Yeah, I crack myself up sometimes!)

Imagine actually being in a good mood while sitting in class, and a classmate walks in with a tormented look on her face. She's holding a small business size envelope in her hands. The phone bills are here. Your smile suddenly disappears and you begin to watch each minute pass — ignoring the professor. You have got to get to your mailbox, but no, as usual you're in class left to worry about the bill. You begin to think back. Trying to console yourself, you try to remember all the times that you called home (for no reason), called your friends across the states (someone has got to keep the friendship alive), misdialed the party line numbers (okay it only

happened twice), and made wake-up calls to your friends in the other dorms (why should I walk all the way over there?) You begin to perspire, but soon class is dismissed and you shoot back to reality. Racing out of Chidwick, you run to your mailbox. You open your box and tear into the envelope with your teeth. $106.76 is the number that greets you in big, bold, and annoying symbols. You walk languidly to your room and hope that it is a mistake. You add the bill four different ways and the numbers all

"No," thinks LuAnn O'Rourke, "let's not make this twosome a threesome."

No, I don't need any help reading these big words.

Smiling pretty — Cover girl.

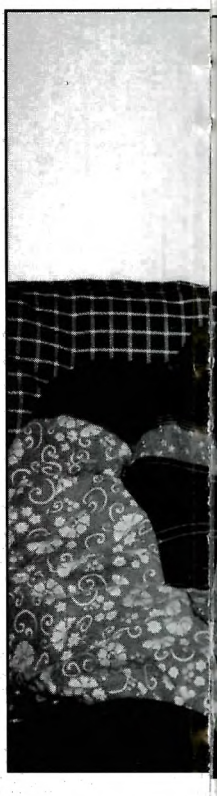
IMAGINE THIS . . .

Rumors have spread like wildfire! Can you believe it? There are men in their pajamas in Angela Hall. Shaving cream, Old Spice, and dirty socks littered the bathrooms. The campus has gone into a frenzy; a whirlwind of questions surfaced. Has Sister Dorothy Ann gone mad? What do you mean we have to be showered for our 8:35 a.m. class? Does this mean we have to start wearing bras to classes too? No way — we can't give up the bunny slippers.

Herds of frantic females raced from faculty to administration to determine the truth — pushing panic buttons along the way. The alumni were furious and demanding to seek out the people responsible for such chaos. MEN at CNR? — unbelievable! What would it be like for a male to attend a previously all women's college? Our prayers would be answered! Or would they?

If men were going to be in all of our classes, that would certainly change some things. First, we'd have to actually glance in the mirror before walking out our doors in the morning. We would also have to wear a somewhat coordinated outfit everyday. We would also have to study harder than the men. It would be of utmost importance to know more than they do so that classroom debates could be heated, so to speak. If men were here there would probably be no real reason to visit Iona or Maritime either. (Most likely, North Avenue would close due to bankruptcy.)

But the men aren't here, and probably will never be invited to attend, (at least not in our lifetime). Maybe it is all for the better. Go back to your old ways girls. Wear what you want or better yet what is clean. Worry about the color of your nailpolish on the weekends. Save yourself the grief of seeing a ragged reflection in the mirror. There's no way your face can look as tired as that other girl's anyway, huh?



Medina and Heidi take a break from being R.A.'s to enjoy some Great Wall take-out.

Taken by surprise, Michaelaine is rendered speechless!

Two commuters stopped by the commuter lounge just in time to have a snapshot taken!

The downstairs cafe set the stage for this happy group shot!

Obviously these two weren't planning on having their picture taken!

Ever notice how AMAZINGLY studious you become around exam time? Maybe it's because you finally become aware of the fact that you have these tests and papers to attend to, even though you kinda knew about them all semester. But it's so easy, too very easy to forget about them or put them off, especially when you've got an **Annales** *deadline or a very important date with an incredibly gorgeous man. No one else appears to be stressed yet, so you figure there's time. Suddenly, the light goes on and reality shines a 120 watt bulb right into your pupils. Insanity starts. In a duration of two weeks, you may have up to six finals to study for, a 20-page independent study to write (What independent study?) and at least four or five other "essays" on a kaleidoscope of topics to research and complete. Where did all the time go? Hygiene is thrown to the wind and your only personal concern is if you'll have enough Vivarin to last the week. You choke on the yellow pills, and swallow it with a gulp of Mountain Dew. Caffeine is your only form of survival. You begin to look increasingly ragged, often wearing the same sweats continuously and for a period of five or six days. Who the hell has time for laundry? But before you know it, tasks are completed — not always to the best of your ability, but at 4 a.m., anything with a title page becomes attractive. At the end of finals week, one sigh away from a nervous breakdown, you realize it's over. You finally leave for vacation only to be greeted by rested individuals with big teethy grins asking: "So, how's school going?"*

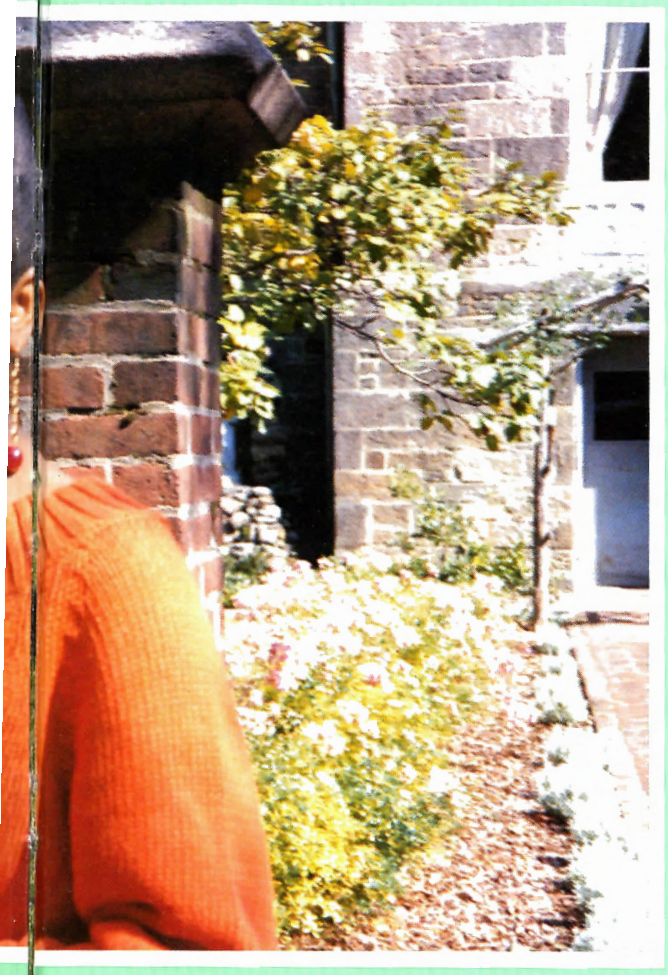
Security proudly introduces their new guard — who already seems to be slacking off.



"Sure I'll smile, but I'm not going to look TOO happy."

Sharing her beauty secrets with Maryse Kowack and Amy Wetzel, Lizvette Perez pretends to be Mary Kay.

Chrissy Melchner tries to look casual for this photo opportunity as Jen Warner uses this moment to discuss politics.

"Ok Jeannie, how did you manage to hop into this commuter portrait?"
